Preface

The third Year Book of the Church of the Nazarene is presented with pleasure. The former numbers have been accorded such hearty reception that we believe that the Church has given it a place among its publications.

This volume contains several items of very great interest to the denomination and the statistical charts should be of great value in the study of denominational progress.

We acknowledge our indebtedness to those who have so kindly furnished material thereby assisting in making the book possible.

The year Book should be widely circulated among Nazarenes and their friends.

THE EDITOR.

Nineteen twenty-four

The year 1924 has become another chapter in the book of the brief history of the Church of the Nazarene. Its contents will be held secret until that day when "small and great, stand before God" and "the books" are "opened". It has been a year of usual and unusual conflicts and in most cases of victories. Judging from the workings of the District Assemblies, conventions, campmeetings, revivals and other religious campaigns, such as Sunday Schools, Young People's Societies, Woman's Missionary Societies and sub-district rallies, we are of the opinion that time will justify the statement that it has been a year of healthful progress in nearly every department of our work. The exception, if it should be proven to be thus, would be in the financial department, which doubtless may be accounted for in the effort to adopt the general budget system, rather than the lack of official activities or the unwillingness of the rank and file of the members of the Church to support its financial needs.

It is our unanimous opinion, based upon the workings of the several District Assemblies, that it has been a year of increase. The reports from our evangelistic efforts will show equal or greater efforts, and results beyond any previous year. Some of the greatest evangelistic meetings, with largest results, have been carried on during this past year.

We are very confident that the results of the Sunday school work will show an increase in enthusiasm, thoroughness of work, increase of membership and a substantial increase in the use of all our Sunday school literature.

The Young People's Societies will show an increase of activities, membership and spirituality. Its membership having passed the 10,000 mark.

The Woman's Missionary Societies also have been very active during the year and their labors have been greatly rewarded as will be seen by various reports, not only in the number of religious and busi-

ness meetings held, but in the amount of material and money raised, and the increase in membership, until over 7,500 of our women meet monthly in their regular religious and business meetings.

The report of the Secretary of the Department of Foreign Missions will show a marked increase in the number of missionaries sent to the foreign fields, most of whom were returned missionaries, and already have the language. In addition several new missionaries have been sent out. The returning missionaries, having the language, will be a great asset to the fields where they locate. The new missionaries, being permitted to attend language school, will soon be of valuable assistance in the foreign fields.

A very marked departure with reference to the work of the Department of Home Missions has been undertaken, namely, the setting apart of such districts as have voted to become missionary districts, in which case the District Superintendents of the same have to be appointed by the Board of General Superintendents, and also said appointees to draw the principal part of their support from the Department of Home Missions. The report of the Department of Home Missions will show that quite a large number of District Superintendents are receiving support from this fund; also that a number of districts have been furnished with tents and helped in various other ways. The demand for such work has far exceeded the amount received from the churches for that purpose. We believe this is a very important department of our work and trust that it will receive the sympathies, prayers and support of all our members in proportion to its relation to the other departments of our Church.

The report of the Department of Church Extension will be encouraging, as it will show an increase of money devoted to that work. The demands of this Department, like those on the Department

of Home Missions, are far beyond the financial possibilities of the Department.

We believe there has been an increased interest throughout our general connection with reference to the support of the Department of Ministerial Relief. This Department also has had many more, and worthy, applications than it has been able to fill.

Those of our Church who have and are reading the Herald of Holiness are familiar with the fact that our Publishing House has had another very encouraging and successful year. Not only has there been an increase in the subscriptions to the Herald of Holiness and The Other Sheep, but there has also been an increased demand for our Sunday school literature. The increased activities of our Publishing House will also make possible a healthful increase in its financial earnings, which is to be desired. In fact, the work of the Publishing House has increased so rapidly that it has reached the point where it cannot carry on its business with that measure of success which it deserves, and a new building has become an absolute necessity. The returning spring will witness the erection of a new structure which will be of sufficient capacity to enable them to carry on the work of this institution with a normal growth in all its departments.

Judging from the reports of our several educational institutions, 1924 will go down into history as one of the best years of that department of our Church work. We have reason to believe that as a department it will show an increase in the efficiency of its facilities, in its equipment, in its student body and in its finances. We trust that our entire membership will make special effort to acquaint itself with the literature of all of our educational institutions.

The General Assembly of 1923 provided for the selection and appointment of three Missionary Superintendents who were to organize and care for the work of the Church of the Nazarene in the foreign fields, and this is the first year that our Missionary Superintendents have been on the field and able to render a report of

their work. However, drawing our conclusions from the reports of the Missionary Superintendents, we have every reason to believe that our foreign work is making a very healthful advance. And doubtless the report of these several Missionary Superintendents will appear in our Year Book, together with reports from other departments of our general Church.

It would not be right for us to conclude this review without recognizing that we have sustained some losses during the year, which we sincerely regret. However, our losses have been very small in comparison to the increase made. The reaper, Death, has been among us to a sufficient extent to remind us that he is no respecter of persons. However, we are very thankful that all of our General Superintendents have been spared and only one of our District Superintendents has been taken from our midst. There have been a number of deaths among our laymen and ministers some of whom have been quite conspicuous in our organization from its beginning. To the relatives and friends of the deceased we most earnestly extend our sympathies and prayers that they may be sustained by the great grace of God.

While the past year has not been all that we may have hoped for, either spiritually, numerically or financially, nor possibly has it been what it might have been in this three-fold aspect, yet shall we not praise God from a pure heart for what the past year has been to us, and unitedly agree to proceed persistently, constantly and prayerfully to make 1925 all that it should be spiritually, numerically and financially. We, your General Superintendents, on our part will unite with every Nazarene to meet all requirements the triune God shall make known to us, and further agree with you to accept the challenge which our heavenly Father has laid down at our feet, namely, "Bring ye all the tithes into the storehouse, that there may be meat in mine house and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven and pour you out a blessing that there shall not be room enough to

receive it." And with the poet may we not all join in singing

"O for a faith that will not shrink,
Though pressed by every foe,
That will not tremble on the brink
Of any earthly woe!

That bears, unmoved, the world's dread frown,

Nor heeds its scornful smile;
That seas of trouble cannot drown,
Nor Satan's arts beguile."

General Superintendents.

The Church of the Nazarene

History

The Church of the Nazarene is the product of modern conditions, modern evangelism and modern aggressiveness coupled with the old-time faith, the old-time fervor and the old-time passion for the salvation of men, born of the necessity of an inward impulsion to proclaim full salvation to every creature and the outward cry from all parts of the world for the old-time religious experiences of the early followers of John Wesley. God did not use as an immediate means the mass, but rather the separated portions, to inaugurate this movement. These portions were raised up by the Spirit in widely separated parts of America until they assumed organized church proportions, when in the pleasure of God they began to unite. First, in October, 1907, at Chicago, Illinois, by the union of the Association of Pentecostal Churches of America, composed of 47 organized congregations representing the eastern portion; and the Church of the Nazarene, composed of 52 organized congregations representing the western portion; into an organization which they named the Pentecostal Church of the Nazarene. This union of two bodies and 99 churches included a membership of 6,189 and property valued at \$399,924 with 175 elders and 96 licensed ministers.

In October, 1908, the annual meeting of the new body was held at Pilot Point, Texas, at which time the Holiness Church of Christ representing the southern portion became a part of the united body. During the year the Pentecostal Church of the Nazarene had increased to 136 churches with 8,107 members, with property valued at \$512,773, to which the

Holiness Church of Christ added 92 organized congregations with 2,307 members and \$47,180 in property values, making a total of 228 churches, 10,414 members, \$559,953 in property, with 434 elders and 172 licensed ministers.

In February, 1915, the Pentecostal Mission churches (no statistics available) representing the southeastern portion, and in November, 1915, the Pentecostal Church of Scotland and England, united with the movement. In eight years the five portions had become a mass and the year 1915 closed with 842 churches, 32,129 members, and \$1,395,275 in property values with 775 elders and 885 licensed ministers. Several charts in this year book furnish valuable data for a further study of development.

In 1919 the name was shortened by dropping the word "Pentecostal" and the official name now is "Church of the Nazarene".

The statistics of 1924 show that the year concluded with 1,386 organized churches, 55,142 members, with property valued at \$6,263,661, and a total having been raised during the year for all purposes of \$2,697,533.

Polity

The leaders of the Church of the Nazarene were and are from various communions, having been brought up under different methods and forms of directing church work. Of the seven General Superintendents since 1907 four were of Methodist, one of Presbyterian, one of Christian Adventist and one of Quaker origin, and throughout the membership this composite origin holds to a large degree although at this time largely tempered by the accession of persons who have

never held church affiliation in other denominations.

The eastern branch incline toward Congregationalism, the western branch toward Episcopalianism, while the southern branch attach a strong leaning toward Congregationalism but at the time of the union was re-active from the extremes of that position. The union of these bodies required a freedom for the local church with an effective superintendency, and the following "Basis of Union" was adopted:

"We are agreed on the necessity of a Superintendency, which shall foster and care for churches already established, and whose duty it shall be to organize and encourage the organizing of churches everywhere. We are agreed that authority given to Superintendents shall not interfere with the independent action of a fully organized church, each church enjoying the right of selecting its own pastor, subject to such approval as the General Assembly shall find wise to institute; the election of delegates to the various assemblies; the management of their own finances; and other things pertaining to their local life and work."

Since the adoption of the above Basis of Union at Chicago in 1907, each succeeding General Assembly has legislated with much care, keeping the Basis of Union in view. The progressive efforts have resulted in a clearly defined polity by which the local church is given the right to elect its own pastor, subject to the approval of the District Superintendent; but in case no pastor has been called prior to the convening of the District Assembly the General Superintendent presiding, the District Superintendent and the Advisory Board, in conference with the delegates for the church, shall make pastoral arrangements. In case of a disagreement between the church and the District Superintendent there shall be the right of appeal to the General Superintendent having jurisdiction and also to the Board of General Superintendents. The call of a pastor may be only until the close of the assembly year. Thus the rights of the church and the authority of the superintendency are alike protected. This is the

central premise in Nazarene polity, and the scale is so finely balanced that it has been possible to vary much from the earliest legislation touching upon it. The necessity for sustaining a fraternal relationship between the various churches has been recognized and provision has been made by which the General Assembly may organize the membership of the churches into district assemblies giving such like representation therein as the General Assembly may deem fair and just; provided, however, that it is clearly understood that all elders in good standing shall be members of the district assembly. The General Assembly prescribes the boundaries of assembly districts, defines the powers and duties of district assemblies and prescribes the work and business to be done thereby. The District Assembly, as now constituted, is composed of the received elders, the licensed ministers, the eligible deaconesses, the Sunday school superintendents, the presidents of local N. Y. P. S., the lay delegates elected by the local churches of which each church may have at least two, the District Secretary, the District Treasurer, the president of the District W. M. S., the president of the District N. Y. P. S. and the lay members of the District Advisory Board. A study of the statistics will reveal that the representation between laity and ministry is fairly well divided though tending to increase lay representation. The General Assembly is composed of ministerial and lay delegates elected by the district assemblies of the church, there being equal numbers of lay and ministerial representatives, the General Superintendents, the General Secretary, the General Treasurer and the Superintendents or one representative from each Foreign Mission District.

Belief

From the very beginning of the movement there has been a well-defined confidence in the Scriptures, Old and New Testaments, without any taint or tincture of modernism or liberalistic tendencies. From the declaration of the General As-

sembly of 1923 we gather that the Church of the Nazarene believes in:

1. One eternally existent infinite God, triune in essential being, revealed as Father, Son and Holy Spirit

2. The eternally existent Son, the Second Person of the adorable Trinity, is divine. As the Son of God he became incarnate by the Holy Spirit, being born of the virgin Mary, thus uniting with himself inseparably the divinely begotten Son of man called Jesus so that two whole and perfect natures are thus united in One Person, very God and very man.

3. The Holy Spirit, the Third Person of the Godhead, ever present and efficiently active in and with the Church of Christ, convincing the world of sin, regenerating those who repent and believe, sanctifying believers and guiding into all truth as it is in Jesus.

4. The Holy Scriptures of the Old and New Testaments given by divine inspiration revealing the will of God concerning us in all things necessary to our salvation.

5. The second coming of Christ to judge the quick and the dead conceding full liberty of belief among the members of the Church of the Nazarene as regards the various theories that gather around the doctrine of the second coming as essential to salvation.

6. Original sin or depravity by reason of which everyone is very far gone from original righteousness, is without spiritual life, and is inclined to evil and that continually. It continues to exist with the new life of the regenerate until eradicated

or destroyed by the baptism with the Holy Spirit.

7. Atonement made by Jesus Christ through the shedding of His own blood as the only ground of salvation.

8. Thorough repentance from sin, justification by faith and regeneration of the soul through the gracious work of God.

9. But the Church of the Nazarene lays special emphasis upon that great dispensational truth—that which makes this a dispensation—namely, that Jesus Christ baptizes with the Holy Ghost, cleansing human hearts and enduing them with power for testimony. Hence it preaches a gospel of full salvation, recognizing that many of the churches have fallen and are falling into worldliness because of the lack of that second definite work of grace known as entire sanctification.

The Church of the Nazarene has no connection doctrinally or organically with the movement known as the "Tongues" movement; neither does it affiliate in any way with the "Tongues" people in their public meetings. It publishes and distributes various pamphlets refuting the teachings of the "Tongues" movement.

The Church of the Nazarene regards that its work is especially to preach the gospel to the poor and organize people into church life, where holiness unto the Lord shall have full right of way. With malice toward none, and love for all it lifts the cross in the full meaning of the words: "If we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his Son cleanseth us from all sin." "This is the will of God, even your sanctification."

"Simplicity is the elimination of the non-essential in all things. It reduces life to its minimum of real needs; raises it to its maximum of powers. Simplicity means the survival,—not of the fittest, but of the best. In morals it kills the weeds of vice and weakness so that the flowers of virtue and strength may have room to grow. Simplicity cuts off waste and intensifies concentration. It converts flickering torches into searchlights."

The General Board

The General Board of the Church of the Nazarene was created by the General Assembly of 1923 for the purpose of concentrating and consolidating the work of such general agencies as had been operating independently of each other and in some measure in a competitive sense. The action of the General Board resulted in the immediate combining of four agencies known as the General Board of Foreign Missions, the General Board of Home Missions and Evangelism, the General Board of Church Extension and the General Board of Publication into one agency to be known as the General Board of the Church of the Nazarene. Provision was made for the inclusion of other agencies in the combination, and in December, 1923, the General Board of Ministerial Relief was added, making five divisions. These divisions are known as the Department of Foreign Missions, the Department of Home Missions, the Department of Publication, the Department of Church Extension and the Department of Ministerial Relief.

The General Board is composed of one General Superintendent, who is the presiding officer; the General Treasurer, who is custodian of all funds belonging to the general interests of the church; and thirteen members elected by the General Assembly. This General Board was duly elected by the General Assembly of 1923 and held several meetings immediately following that General Assembly, and a session December 5 to 14, 1923, and the first regular annual meeting February 12 to 21, 1925.

At the session of December, 1923, the Board adopted a constitution, which forms its corporate articles of association, and incorporated under the charitable and benevolent act of the State of Missouri. The Board adopted comprehensive bylaws to govern the transaction of its business. Provision is made in the Articles of Association and also the Bylaws for the inclusion of other Departments such as Sun-

day School, Nazarene Young People's Society, Woman's Missionary Society, Education, or other benevolent agencies that may be needed in the future.

The secretarial work of the General Board and its several departments with the exception of Foreign Missions has been committed to the Secretary of the General Board, Rev. E. J. Fleming. The Rev. E. G. Anderson is Secretary of the Department of Foreign Missions in addition to his duties as General Treasurer.

The General Assembly did not believe it necessary to build an entirely new financial system, but to conform our denominational financial plan to present day standards of successful business operation. To this end the General Board adopted the budget plan with the design to make unnecessary to a large extent financial drives and campaigns by providing an uninterrupted flow of funds into our General Treasury while at the same time taking due care of all local and district financial interests.

To inaugurate the work and carry it on to a successful conclusion a series of pamphlets were issued during 1924 fully explaining the work of the Board, and these have been widely distributed throughout the church.

The Board, at its meeting in December, 1923, adopted a partial Financial Policy which was modified and completed at the annual meeting of 1925. This Policy is designed to safeguard the management of all trust and general funds. The Church Extension Policy under which the former General Board of Church Extension operated has been strengthened and completed in order to direct and safeguard the interests of that Department. A Ministerial Relief Policy has been adopted to govern the administration of the Department having the care of retired and disabled ministers of the church and their dependents. The bylaws and policies of the General Board and its depart-

ments are kept on hand at Headquarters for those desiring them.

The officers of the General Board: General Superintendent H. F. Reynolds, Chairman; Rev. F. M. Messenger, President; John T. Benson, First Vice-President; E. L. Hawkes, Second Vice-President; Rev. E. J. Fleming, Secretary; Rev. E. G. Anderson, Treasurer.

The Executive Committee is composed of the officers and Rev. C. B. Jernigan, Rev. J. W. Short and C. A. McConnell.

The Committee on Finance and Investments: E. L. Hawkes, President; J. F. Sanders, Secretary; F. M. Messenger, John T. Benson and L. D. Peavey.

The Committee on Survey and Publicity: J. W. Short, C. B. Jernigan, J. N. Speakes, E. G. Anderson and C. A. McConnell.

DEPARTMENT OF FOREIGN MISSIONS

The year 1924 will go down in the history of our foreign missionary work as a year of blessed victory. Every mission field in which our missionaries are laboring reported seasons of refreshing during the year and indicated by their reports that many precious souls sought and found the Lord.

During the year our three Missionary Superintendents were sent to their respective fields. The visit of these brethren gave new inspiration and vision to our faithful missionaries. Plans were made that will result in stronger centers in all of our mission fields. It is quite evident from our years of experience that we not only need fire-baptized missionaries with a real message, but we also need strong and efficient leadership if we are to do the great work that God has called us to do. We believe our Missionary Superintendents are men with a vision and a call and will do much towards unifying our efforts on the foreign fields and also furnish the connecting link between the foreign field and the home base.

Seventeen missionaries sailed during the

year 1924. Together with those already on the field we now have a company of 95 missionaries; over 200 native preachers and workers. The re-inforcement sent during the year was greatly needed and we can already see blessed results. It required much sacrifice on the part of our people to give the funds to make possible the sending of these seventeen missionaries, but we believe it will be worth while and hundreds, if not thousands, of precious souls will be redeemed as a result of this effort.

A Prayer for Missionaries

*In all the lands, in earth, or sea,
Where Jesus' name holds sway,
Where'er Thy faithful workers be
Lord bless them each this day.*

—MRS. E. HARRIET SIGGINS HOWE.

The financial needs of the Foreign Missionary Department were met in full. It seemed for a while as though it would be impossible to get the amount needed, but hundreds of our people prevailed in prayer and thousands sacrificed in order to give. The result speaks for itself. Every obligation was paid in full and we entered the new year full of faith, courage and hope.

*We gladly bring our offering,
Lord Jesus to Thy feet,
To send the glorious gospel,
By messengers so fleet,
We're here to work, to stay or go,
When orders come from Thee,
Give each Thy Spirit brave to say,
"Here am I; Lord send me!"*

—MRS. E. HARRIET SIGGINS HOWE.

May we urge our members and friends to make the needs of our missionaries and our mission stations a subject of special prayer. Keep in touch with the work through reading our missionary paper, *The Other Sheep*. Write to the Missionary Secretary for information. If we will keep well informed about the needs and well blessed in our souls we are sure to be led to give and pray for this blessed work.

WOMAN'S MISSIONARY SOCIETY

In reviewing the past year, we feel it very fitting that we pause and erect our "Stone of Help," and declare with the prophet of old "Hitherto hath the Lord helped us." The human effort has been small but the blessing of the Lord has been great. He has exceeded our faith, in the spiritual, numerical, and financial increase of the past year.

At the close of the General Assembly, after a special effort had been made to crowd in as much as possible, it seemed probable that there might be a slight relaxing of interest and effort, but such has not been the case. Rather, during the entire year there has been evidenced an interest, many districts adding new societies, and many local societies enlisting new members. Arkansas has been added to our list of organized districts.

The first of the year was occupied largely by the officers in getting plans, made at Assembly, out to the various districts. New constitutions and study leaflets were also printed, as well as proper stationery for the officers. The little Bulletin soon followed. This was a new venture, but has proved very helpful in keeping the work of the General Council and Standing Committees before the entire membership, thus aiding in interest and fellowship.

Another notable event, the result of which can not be measured, was the Day of Prayer on March 26. Definite prayer was made for special needs; among others, the return of some of the missionaries on furlough. Prayer was answered, and seventeen went out during the year. The plans for retrenchment on some fields were also changed. Truly "Prayer changes things."

Early in the year the Prayer and Fasting League claimed our attention. One of our districts had voted the previous year to adopt it and now many others followed. We have not been able to secure a complete report, but have reason to believe that several thousand dollars have been gathered during the past year through this means, and may it not be

possible that the added prayer has been a factor in helping to make this the very best year in all our foreign missionary effort?

Several splendid conventions were held during the year. Also the Annual Meetings were times of blessing, plans for advance being almost the universal order. District financial objects were increased until we now have on our list annual pledges amounting to more than Thirty-five Thousand Dollars.

The President had the privilege of visiting most of the Eastern Annuals, also spending two months on the Northwest and Western Districts, speaking in conventions and All Day Meetings, which were graciously blessed of the Lord. While there, she helped arrange for the support of two missionaries, one native teacher, and secured over Five Thousand Dollars in cash and pledges, mostly through the Prayer and Fasting Missionary League.

All of the officers of the Council and many of the members have been abundant in labors, and although our General Secretary, Mrs. R. G. Coddington, who was very faithful and efficient, has returned to India with her husband, we have an able successor in Mrs. E. G. Anderson, so the good work goes on.

The report of the General Treasurer, Mrs. J. T. Benson, shows a total of \$39,198.01 raised by the W. M. S. during the past year.

A number of valuable boxes have been sent out. Orphans needing support have been cared for, and support secured for a number of native workers on the different fields.

The medical work is now claiming our special attention. The splendid memorial hospital in China is actually being erected, plans are being made for definite work in India, and Africa is calling for a new Ten Thousand Dollar hospital which is much needed. The Woman's Missionary Society is ready to assist in carrying forward this work.

With grateful acknowledgment for all

the courtesy, kindness, and valuable assistance rendered by our General Superintendents. The General Board, District Superintendents, and Pastors.

DEPARTMENT OF HOME MISSIONS

The General Board recognizing the definite bounds set upon the General Home Mission Field by the General Assembly of 1923 has endeavored to follow the plan indicated. The work of gospel extension in districts already well organized is known as District Home Missions, and is dependent upon the aggressive spirit of the District concerned to make provision for the work within its boundaries.

General Home Missions, as recognized by the General Board during 1924, included rendering assistance to district superintendents whose districts were designated as Home Mission Districts. During the year assistance was rendered to thirteen districts in amounts from \$125 to \$830. In carrying out the 1924 policy \$1,000 was expended for tents in three districts and aggressive campaigns were conducted in those districts by the district superintendents and chosen workers. During the year 1925 it is proposed to render assistance in the support of district superintendents who supervise districts too weak to provide the full support. Provision is made for the partial support of fourteen district superintendents on such districts. In addition some money will be appropriated for the purchase of tents to be used in Home Mission Districts in the promotion of aggressive revival campaigns where there are openings for establishing centers of holy fire and gathering the converts into organized church life. Every effort will be made to enlarge, strengthen and maintain the work in these Home Mission Districts already organized. The Department has also taken on the partial support of Portuguese mission work in the New England District, the balance of which will be provided by the New England District.

DEPARTMENT OF CHURCH EXTENSION

The work of Church Extension has always been connected in some measure with the pioneering of any aggressive evangelical movement. Permanent houses of worship always give evidence of a permanent character of the work. Evidences of permanency always inspire the confidence of the general public in any proposed venture. One of the first questions asked upon the organization of a new church is: "Will it endure?" The same question is raised regarding commercial ventures. Very seldom does the erection of a substantial commercial building fail to produce confidence in the successful outcome of the commercial institution. Likewise the erection of a substantial church building causes the public to have confidence that the workers interested in the launching of the project have sufficient confidence in their mission to cause them to build in permanent fashion.

Some of the most promising prospects for the building up of substantial organized church life are launched by people of such moderate material circumstances as to be unable to contribute the money necessary to erect and complete a substantial church building. The work of Church Extension is designed to assist such needy places. Any denomination having a well-developed policy can point with much satisfaction to the accomplishments of that Department. The work of Church Extension consists in making loans usually at a low rate of interest under circumstances which frequently make it impossible to secure loans from established commercial financial institutions. The work already done by the Church of the Nazarene has proven so helpful that the future of this Department in the hearts of the people is well assured.

BUSINESS METHODS

Present day real estate methods remove many of the prudential safe-guards of careful business as applied to the church, by making it very easy to acquire a "lease

hold" on a church building site. A very small cash deposit and a small monthly payment on "contract for deed" presents an apparently easy beginning for a church building project. The congregation raises a considerable amount of money and proceeds to erect a building. Usually the amount of cash available is insufficient to secure the completion of the building. Bills for labor and material constitute a lien on the building, even taking priority over other forms of indebtedness. The hazard of following this course lies in the inability of the local congregation to finance without borrowing money. Naturally, they turn to the Department of Church Extension for that loan. But Church Extension money constitutes a perpetual trust provided by the whole church. Unsecured loans of general trust funds have been seriously condemned by our people—which is proper. But why should the local church expect the Department of Church Extension to loan money to it without security? The method of acquiring a building site known as "contract for deed" effectually prohibits a Church Extension loan.

Church Extension loans should properly be used to pay off the last indebtedness against the property. In *practice* the loan for construction may have for its se-

curity an uncompleted building where a builder's or lumberman's lien may take precedence over a mortgage and thus destroy the Church Extension security, or force an additional loan to save the money already invested. In *practice* a floating debt retires even a first mortgage to second place, as trustees very naturally pay local obligations first, pleading the moral and business standing of the congregation in the local community as a sufficient reason for their inability to pay principal or interest on a Church Extension loan.

Some denominations require that three-fourths of the money needed, by a conservative estimate, be secured in cash or reliable subscriptions, before the building is commenced. Others require that two-thirds be secured, while still other prudential requirements are enforced by other connections. The safe investment of Church Extension funds demands a safe procedure by the local Church in the premises. The Department of Church Extension of the Church of the Nazarene requires that at least 50% of the needed funds be on hand in cash or good subscriptions.

The Department of Church Extension renders such assistance as it is able in suggesting plans for church buildings of moderate cost.

"Plan carefully and worthily for the future. It is embarrassing to find in the early days of a new building,—that it is insufficient and inadequate. The very effort and activity called for in building will often stimulate a church to new and larger life. The attractiveness of a new building will frequently result in enlarged congregations and increased attendance."—P. E. BURGHS, D. D.

DEPARTMENT OF MINISTERIAL RELIEF

Another year has passed into history for our Department of Ministerial Relief, and we give grateful praise and thanksgiving to our Heavenly Father for his abundant mercies, his unfathomable love, his tender regard and kindly provision for those who have become disabled during service or have grown aged under the burdens of the gospel ministry of the Church of the Nazarene.

When the General Assembly of 1919 instituted the work of Ministerial Relief it is doubtful if it knew what fountains of holy munificence would be set astir, what streams of loving helpfulness would flow therefrom, what blessings of gracious ministry be borne on those streams to hearts whose burdens are almost if not altogether too heavy to bear. Little did that General Assembly think that it would set in motion agencies that would discover the very secrets of men's hearts and bring to light hidden griefs and sorrows and losses and disappointments; that would reveal the depth of sacrificial living the examples of which could not be found in any other profession or calling under high heaven; that would likewise bring to light a spirit of such devotion and loyalty as well as tenaciousness of purpose and passion to serve and labor in the field of godly activity, seemingly insensible to the discomforts, the sacrifices, and the inappreciation that universally accompany the ministry, until absolutely compelled by the disabilities of health or the permanent infirmities of age to enter a state of retirement and dependency.

"Forsake me not when I am old;

*The daylight wanes, my work is done,
My feet draw near the streets of gold,
I wait the setting of the sun.*

"Forsake me not when I am old,

*When youthful vigor is no more;
When in the twilight gray and cold,
I sit and wait the summons o'er."—Sel.*

It is equally doubtful if that General Assembly, memorable for the institution of Ministerial Relief, realized the light that would follow, revealing the blindness of the church to its responsibility in caring for those to whose labors she is indebted for her very existence as a militant organization. She was equally guilty of a callousness of heart that permitted her to accept the labors of the ministry without an adequate support, not to mention an adequate compensation. She was likewise insensible to the *variety* of those labors, unapproached and alike unequalled, by those of other relation known among men. The coming of Ministerial Relief work to the Church of the Nazarene has brought a revelation of the spirit and devotion of the laborer and an equal or greater revelation of the duty and responsibility of the church in the premises.

"Forsake thee not when thou art old?

*Thy Father hears thy trustful prayer,
His arms of love shall thee enfold;
His hand thy table shall prepare.*

"Forsake thee not when thou art old?

*We hear the call; the churches wake;
The heart that won us to the fold
Our grateful love shall ne'er forsake."
—Sel.*

Having introduced the fact of both a revelation of the minister, his labors and needs, and a revelation of the church, her duty and responsibility, we propose to show something of what has been accomplished by the Department of Ministerial Relief, in order to fulfill the laws of love and justice involved.

The 1919 General Assembly provided that the General Church raise an amount equal to 10c per member, while ministers and deaconesses were to pay \$1.00 each per year into the Ministerial Relief treasury. That served well for a beginning but the constantly growing needs of this great work prove that provision to be very inadequate. In 1924 the General Board placed an item in the General Budget of approximately 15c per member, but that is not sufficient to meet the

pressing needs. The total amounts received from the church from 1920 to 1924, together with the disbursements for relief purposes, and some figures relative to annuitants, follow:

<i>Receipts</i>		<i>Disbursed for Relief</i>	
1920—\$	1604.30	1920—\$	80.00
1921—	2996.19	1921—	1780.00
1922—	3631.41	1922—	2376.23
1923—	4100.28	1923—	3189.94
1924—	5551.81	1924—	4979.50
	<hr/>		<hr/>
	\$17883.99		\$12405.67
<i>Annuitants</i>		<i>Total Persons</i>	
<i>Increase by Years</i>			
1920—1	1920—1		
1921—18	1921—17		
1922—16	1922—6		
1923—20	1923—7		
1924—36	1924—20	51	

The year 1923 compared with 1922 showed an increase of 25 per cent in number of persons aided; but the increase of receipts was 12.8 per cent and the increase of relief disbursements is 25.5 per cent: or the increase of needs was twice the increase of funds wherewith to meet the needs. And 1924 compared with 1923 shows an increase of 80 per cent in number of persons aided; but the receipts show an increase of 35.4 per cent, while the increase of relief disbursements is 56.8 per cent. This difference between the re-

ceipts and the increase of relief disbursements was bridged by a cash balance of \$1179.64 carried over from 1923.

The Department of Ministerial Relief maintains a General Relief Fund from which both permanent and temporary relief are granted: temporary, for ministers in active service in case of sickness or other need of temporary nature; permanent, for those regarded as permanently disabled by physical disability or old age.

Endowment funds for this work of love and mercy are solicited. Anyone may contribute for this purpose and name the fund in memory of a loved one. We have two such funds now and should have many more. The income only is used for the care of worn-out ministers.

For this purpose the Department solicits contributions on the annuity plan. This gives the donor a steady income during his life and that part of the principal remaining at his death becomes a part of the permanent endowment fund.

Ministers, both ordained and licensed, who have been actively engaged in pastoral, evangelistic, missionary labors, or in other employment directly in the interest of the Church of the Nazarene, lay missionaries who have labored under appointment of the Department of Foreign Missions, widows of ministers and deaconesses who have given their whole time to the work of the Church, are eligible to help from Ministerial Relief funds.

These ministers have been retired, not because of any want of courage or eagerness for the battle, but because they have grown old in the service or have been wounded in the fight. Their loneliness and want should touch every heart. This cry goes up from their hearts:

“How long, O Lord, to wait

Beside this open gate?

My sheep with many a lamb

Have entered, and I am

Alone, and it is late.”

—The Retired Minister.

DEPARTMENT OF PUBLICATION

Nazarene Publishing House

INTO the history of this institution is written a struggle with what would seem insurmountable difficulties and yet, God in His providence has brought us to a place where as never before, the publishing interests of the Church can be utilized to spread the glad tidings of full salvation.

The growth of this branch of church activity would not be possible without the splendid co-operation and appreciation manifested by our people and friends.

Being fully conscious of this fine spirit, we recognize the greater responsibility it places upon us to constantly endeavor to improve in our effort to produce the best in subject-matter, quality of material and standard of workmanship and to render every service at the most reasonable price consistent with good business.

The comprehensive report found elsewhere in this "Year Book" indicates a most creditable business, both as to volume and profits.

Values cannot, however, be measured in dollars and cents, as money and time spent in the service of God endures for *eternity*.

During the past few years a constant stream of literature, the influence of which cannot be computed, has been produced and distributed throughout the length and breadth of the land.

With this in mind, we feel that we may speak of the service of the printed page, with full confidence that under God it has been a factor in the growth, spirituality and progress of the Church of the Nazarene.

In order to render service an institution or individual must have an objective. Our objective is to serve the church; to *help* carry out its purpose:—which is, to promote holy Christian fellowship, to seek the conversion of sinners, the entire sanc-

tification of believers and the upbuilding in holiness, together with *the preaching of the gospel to every creature*.

Our publishing business is a mutual concern. Every individual, church and Sunday school buying supplies of us helps to maintain an institution having an objective differing from a commercial or privately owned institution in that profit is not a first consideration. All profits which may accrue are used in the interest of spreading the gospel in some form. Furthermore, if you purchase supplies and literature indiscriminately from various sources, you can expect to receive an admixture because you have no control over what is printed. This is one reason for the necessity of a Denominational house. To safeguard this, our General Assembly ordered a Book Committee which passes on all books and tracts offered for publication by our House, and this guarantees that every utterance will be in harmony with the Bible and the Manual of the Church of the Nazarene.

A recent editorial in the *Herald of Holiness* expresses what the Publishing House wants:

"It wants its friends to take the *Herald of Holiness* and induce others to subscribe for it. It wants them to do the same with reference to the missionary paper, *The Other Sheep*. It wants our Sunday schools to continue to buy their helps and supplies from our own house and to add somewhat to their orders from time to time. It wants every one who can, to speak a good word with the purpose of increasing our business in supplying Sunday school requisites, and if something "different" is needed, order it from *our own House*, anyway. It wants us to buy *our books and tracts* from us. Whenever and wherever possible, buy and distribute our own books and tracts, and when books of other publishers are desired, order them through us. For you know the Publishing House is *Our Publishing House*, therefore, let's make *our Publishing House* do the work which we, all of us, are expected to do in the way of spreading the gospel through the printed page."

Thus by sending your orders to us, you

help us *serve* the Church in a large way, and enable us to attain to the full measure of potential service. If you continue

to stand by, as heretofore, with whole hearted co-operation, we covenant by God's grace to do our part.

Mutual Benefit Society

One of the most beautiful institutions in the Church of the Nazarene had its origin at Grand Rapids, Michigan, when the Rev. A. H. Kauffman, now of Pasadena, California, began the list of members of the Ministers' Mutual Aid society by enrolling his own name as the first member on January 1, 1916. The following September this work was placed under the supervision of the Michigan District Assembly and plans were made for the organization of the Laymen's Mutual Aid Society.

The General Assembly of 1919 having been memorialized to take the oversight of this work elected a general board of five members. This board devoted much time and labor to the consideration of their work. The two Societies were merged under one general name, the Mutual Benefit Society, but the ministers' and laymen's divisions were kept separate under the designations, Class A and Class B.

In September, 1920, the office of the Mutual Benefit Society was moved to Kansas City, Mo., and Rev. E. J. Fleming, General Secretary of the Church of the Nazarene, was chosen as Secretary-Treasurer, to have general oversight of the Society. Under the direction of the General Board of Mutual Benefit a local board of directors was chosen to have immediate oversight of the business of the Society, being responsible to the General Board of

Mutual Benefit. The General Assembly of 1923 agreed that the work of Mutual Benefit could be carried on as well by a board of directors elected by the Mutual Benefit Society and did not continue the General Board of Mutual Benefit.

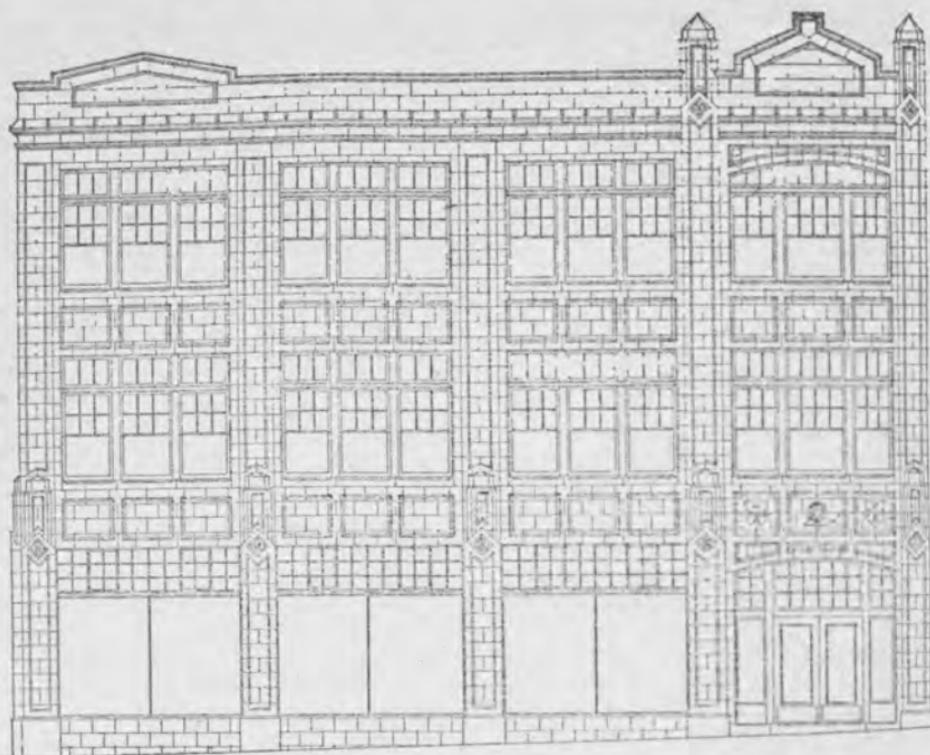

The Society is managed by a board of nine directors, chosen by the annual meeting of the Society, one third of whom are elected each year. The Board of Directors elect the officers of the Society and hold quarterly meetings for the transaction of business. At the close of the fiscal year, December 31, 1924, there were 1,486 members in Class A (Ministers), 2,870 in Class B (Laymen) and 413 members in Class C (Ministers and Laymen). Total membership in all classes 4,769. During the year the Society paid Class A benefits amounting to \$13,000, Class B benefits to the amount of \$17,000 and Class C benefits amounting to \$4,830.04, making a total of \$34,830.04. Since the beginning of the organization in 1916 the Society has paid total benefits amounting to \$170,236.04. The Society publishes at intervals a paper called the Mutual Benefit Advocate, giving reports, interesting statistics and information concerning its work. The present officers are C. W. Jones, President; F. L. Cutting, Vice-President; E. J. Fleming, Secretary-Treasurer; M. Lunn, Clerk-Auditor; T. E. Mangum, M. D., Health Examiner.

CONFIDENCE

*Now when my soul's dark foe draws nigh,
And seeks to hide the Holy Place—
Exultant through the clouds I cry
"Hear me O Lord, and show Thy face."*

*Is not our God a fortress strong?
Of His own might the walls are made,
How high they rise when dangers throng
Around the soul that seeks His aid.*

—MRS. E. HARRIET SIGGINS HOWE.

New Headquarters Building

The General Assembly of 1911, after much deliberation, located the publishing interests of the Church of the Nazarene at Kansas City, Missouri. The days that followed were full of the spirit of heroism of religious pioneers as a select few led by Rev. C. J. Kinne launched the Publishing House at Kansas City without money or credit. But God was there and the fiery pillar led before and victory was assured.

A 12-room dwelling was purchased at 2109 Troost Avenue and the new institution set on foot. Only those who were there during those first days will ever know the struggles, the sacrifices, the prayers, the faith as well as the triumphs that marked that humble beginning. The institution flourished and in 1913 the General Board of Foreign Missions, which had formerly been located at Chicago, moved

to Kansas City and took up its quarters in the same building. In 1920 the General Board of Mutual Benefit, the General Board of Ministerial Relief and the General Secretary of the church, moved their offices to Kansas City, and a re-adjustment gave them room in the same building. And in 1921 the General Board of Church Extension established office in Kansas City and was given quarters in the same building. Thus it became not only the location of the Publishing House but the Headquarters of the general interests of the church.

In the year 1915 a building that had been formerly built for a chapel was purchased and utilized for a bindery with stock storage in the basement. But the rapidly expanding business of the Publishing House made necessary many and frequent changes in the general arrange-

ment to concentrate utilities in order to make more room to accommodate the growth.

In July of 1921 the General Board of Foreign Missions purchased a 10-room residence at 2905 Troost Avenue and moved its offices there. A few months later all the other General Boards had moved to 2905 Troost Avenue, leaving the Publishing House in full possession of the former Headquarters and Publishing House buildings. The residence at 2905 Troost Avenue, now known as General Headquarters, was becoming inadequate to accommodate the growing business of the church and larger office quarters became imperative. It was evident that the expanding work of the Departments of Sunday schools and that of N. Y. P. S. created by the General Assembly of 1923 would necessitate quarters in the same building with the other general departments in order to facilitate and more generally correlate all the work.

Several efforts had been made during the past three or four years to secure a location and erect a suitable building to accommodate both the Publishing House and the General Headquarters offices, but, the General Assembly of 1923, having elected the General Board composed in part of business laymen of wide experience and godly vision who saw the necessity of immediate action, "in the fullness of time" it pleased God to put it in the hearts of the members of the Executive Committee of this General Board to vote definitely in June, 1924, to erect a modern building suitable to house all our general interests. This decision was subsequently unanimously sustained by the entire membership of the General Board.

At the annual meeting of the General Board in February, 1925, the Board unanimously voted to build on the vacant property which it owned at 2917 to 21 Troost Avenue, having a frontage on Troost of 128 feet and a depth of 152 feet. This location is very advantageous inasmuch as it is but one and one-half blocks from the Troost Thirty-first Street intersection, which is one of the rapidly developing and prominent business cen-

ters of the Greater Kansas City. On the afternoon of Tuesday, February 18th, a sod-breaking service was held at the new site, participated in by the members of the General Board, each of the General Superintendents, and a company of interested friends and townsmen who had assembled. The service was marked by much enthusiasm and by the evident blessing of God upon all hearts.

The building to be erected will have a frontage on Troost Avenue of 60 feet and a length of 140 feet and 3 stories in height. It will be built of concrete and brick, of fire-proof construction, and modern in every particular. There will be an 18 foot light court on the north side which can be utilized for a drive to reach the loading dock at the rear of the building, thus insuring us plenty of light on that side for the entire plant. On the south will be a 50 foot court that can be used for expansion purposes in the future. The construction will admit of the addition of two stories later when that need shall become imperative.

The first floor of the building will be on the street level. The Publishing House offices will occupy the front of the first floor, and back of these will be the stock room for storage of paper, and also book and literature storage, and shipping rooms. The second floor will be occupied by editorial offices, office of superintendent of printing and binding departments, proof-reader room, cut vault, with a large room for linotype machines, presses, folders, stitchers and other machinery. The third floor will have a row of office rooms across the front and the north side. The south side will have elevators, stairways, toilets for men and women, and storage vaults. There will be a row of commodious rooms in the center, together with separate lunch and rest rooms for men and women. One good-sized room will be devoted to a library and reading room. An assembly room 36 x 48 feet will occupy the remainder of the third floor space, which will be utilized for Board meetings and other necessary gatherings. Freight and passenger elevators will connect all floors besides a public stairway near the

front and a private stairway in the south center that will be so constructed that it can be used as a fire escape in case of necessity.

The Building Committee and General

Board take pleasure in presenting a picture of the front elevation of the new Headquarters building. Construction will begin about May first.

Reports of Missionary Superintendents

J. E. BATES, *Far East*

Leaving Vancouver, B. C., September 11, 1924, we arrived at Shanghai, China, September 29, and at Hankow October 4. On the 6th we left for Hantan where we were met by Rev. A. J. Smith and Rev. H. A. Wiese, missionaries from Tamingfu. We reached Tamingfu on the afternoon of October 8. Rev. C. J. Kinne, in charge of building operations in connection with Bresee Memorial Hospital, had arranged for the dirt-breaking service at 3:00 o'clock. We hurried to the hospital grounds and looked into the faces of our first Chinese congregation. After singing and prayer, I spoke for the first time to a Chinese congregation, Rev. A. J. Smith interpreting for me. Rev. C. J. Kinne made an address, following which the leading official of the city spoke at considerable length expressing his pleasure and satisfaction with the work which our missionaries are doing in Tamingfu, and promised his support and co-operation.

In the special meetings with Chinese workers which followed several hundred people were in attendance, some of them having walked 45 miles to be present, and all seemed as much interested as Americans of a similar congregation. Rev. J. J. Moe, of the National Holiness Mission, who has spent 20 years in China, acted as interpreter. During the four days a great many people came to the inquiry room or bowed at the altar for salvation. Many of the native ministers and Christian workers sought to be entirely sanctified and the meeting proved a great blessing.

The annual meeting of the Mission Council followed and lasted four days.

The reports of the missionaries showed much labor and sacrifice. There are five main stations, namely, Tamingfu, Chao Cheng Hsien, Puchow, Kuang Ping Fu and Cheng An Hsien. From these five stations we operate 25 out stations. There are 17 missionaries. The field is located in the province of Chihli and Shantung, which is the most fertile section of all China and the most thickly populated. There are approximately two million people in this territory. Tamingfu, our main station, population 70,000, with a district population of 500,000. Rev. and Mrs. A. J. Smith, Dr. and Mrs. Fitz, Rev. C. J. Kinne, Mr. W. P. Trumbower, Mrs. Hester Hayne, Misses Glennie Simms, Blanche Himes and Margaret Needles are doing most excellent work here. Rev. Smith is the President of the Council and Treasurer. The property comprises 20 acres of land, 3 foreign residences, 1 church seating 1,000 people, a city street chapel, a boys' and girls' school, primary school, a boys' and girls' high school, a men's training school, a women's training school, a dispensary and men's dormitory, native doctor's home, and Bresee Memorial Hospital, which is under construction.

Kuang Ping Fu, population 50,000, with a district population of 300,000, has been in charge of Rev. and Mrs. O. P. Deale. Property consists of a chapel seating 75 people, a Chinese house for missionaries which is 200 years old, a boys' school building, a Chinese native workers' building, and one-third acre of land.

Chao Cheng Hsien, population 45,000, district population 300,000. Rev. and Mrs. L. C. Osborn and Miss Ida Vieg are doing excellent work here and also operating

tent meetings in the surrounding villages. There is a church building seating about 600, a street chapel, a foreign residence (Fraley Memorial), a semi-foreign house, girls' school building, boys' school, nearly an acre of land.

Cheng An Hsien, population 40,000. Rev. and Mrs. F. C. Sutherland are doing a splendid work in the face of much difficulty. Heavy rains damaged a building under construction, but with rare courage they repaired the damage in order to have the school open in due time. There is nearly an acre of land with one temporary building and a boys' and girls' school.

Puchow has a population of 60,000, with a district population of 332,000. Rev. and Mrs. H. A. Wiese and Miss McClelland are in charge and accomplishing splendid results. Rev. Wiese reports a great many inquirers, seekers and probationers. Recently there has been manifested a great change and the people are anxious for the gospel. There is a chapel seating 600 people, a semi-foreign home, a boys' and girls' school with nearly five acres of land inside the city.

Tamingfu, which is the head of our work in China, will give great advantages as soon as Bresee Memorial Hospital is completed, as there is no hospital in the midst of a population of 2,000,000. Dr. Fitz, assisted by Dr. Chai, a native physician, and Miss Hester Hayne, R. N., and native nurses, have been rendering wonderful service through a small dispensary.

Finishing our work in China, we left September 9, arriving in Kobe, Japan, November 13 and proceeded to Kyoto, the head of our Japan work. Rev. Kitagawa is the District Superintendent. This District is well-organized with six churches, two in Kyoto, one in Kumamoto, one in Okayama, one in Kure, one in Fu Ku Chiana, all pastored by Japanese pastors and doing excellent work. Kumamoto is self-supporting, and the others will become so. Church property is owned at Kyoto and Kumamoto, but other places are seeking to secure church buildings. The work in Japan gives evidence of the

untiring efforts of all the missionaries who have labored in that country. God has graciously blessed their efforts, and as a result about 400 fine-type native Nazarenes are carrying on their work, and with proper superintendency will continue to build a work in Japan of great value.

J. D. SCOTT—*Latin America*

I will give you a brief statistical report of each field.

SOUTHWEST DISTRICT (MEXICAN). H. J. KERNS, *District Superintendent*. This District has 5 organized churches, 191 full members, 9 licensed ministers, 4 church buildings and parsonages valued at \$9,000 all free from indebtedness. Brother Kerns has made great sacrifice for this work, supporting it largely with his own means. These fields will undoubtedly soon become self-supporting. The work of Mrs. Santos Elizondo deserves hearty commendation.

MEXICO DISTRICT. DR. V. G. SANTIN, *District Superintendent*. This District has 10 organized churches and 7 missions, 525 full members, 110 probationers, 5 ordained and 17 licensed ministers, 11 Sunday schools with 438 enrolled, 2 Y. P. S. with 60 members, a W. M. S. with 34 members, 2 day schools with 48 students and a Bible school with 20 students. The property is valued at \$12,500, free from indebtedness. This is one of the most promising fields and has been built up and held together during the most trying years without the aid of foreign missionaries. There is pressing need for a boarding school in the center of the field.

CENTRAL AMERICA DISTRICT. This District has 3 organized churches with 236 full members, 41 probationers, 8 missionaries, 25 native workers, 9 Sunday schools with 300 scholars, 2 boarding schools with 103 students, a good printing plant furnishing a half-million pages of Spanish gospel literature each year. There are 17 properties valued at \$26,000 with an indebtedness of \$3,000. Wonderful progress has been made during the last few years and the work will continue to grow, but the prospect for self-support is not so

promising on this District owing to the extreme poverty of the people. But the need is just as great and the appeals for help even greater than that of some other Districts.

PERU has 2 organized churches with 88 full members, 29 probationers, 8 missionaries, 12 native workers, 9 Sunday schools with 186 scholars, 1 day school with 90 pupils and 1 small printing plant which has produced 250,000 pages during the year. There is one piece of property valued at \$4,560 free from debt. Peru has with difficulty been established but is now fairly well organized and will eventually become self-supporting. A heroic work has been begun among the savage Indian tribes of the Andes by Rev. Roger S. Winans and wife.

ARGENTINA is one of the newest and most promising Districts of the Latin-America Area. There are 3 churches with 61 full members and 20 probationers, 4 missionaries, 9 licensed ministers, 3 Sunday schools with 320 scholars, 1 Bible school with 9 students, a small printing press which produced 50,000 pages of literature last year. No property has been purchased. The equipment is worth \$1,400. The people of this District are intelligent and the country very rich. The need is a property and support for a few new missionary workers. Encouragement for this field would bring quick returns. The Latin-America Area has raised for support the following amounts: Argentina \$872.92; Mexico \$711.90; Peru \$402.40.

I am encouraged with the outlook of the work generally all over the Latin-American field. There is much to be done yet, but our growth so far has been steady and healthy and is standing the test. Our missionaries are faithful and are making real sacrifices to extend the work.

GEORGE SHARPE, *Africa, India, Near East*

Leaving South Hampton on August 1, 1924, and arriving at Cape Town, South Africa, August 18th, the following stations were visited and conditions noted:

Johannesburg. Rev. and Mrs. I. O.

Lehman serving a territory 50 miles east and west in a mining region with a shifting population, held a number of meetings speaking through an interpreter. The rapturous singing, the intense praying and the earnestness evinced in spiritual things affected me deeply.

Sabi. Rev. and Mrs. C. J. Penn and Miss Louise Robinson have a good work here, with a day school conducted by Sister Robinson and an evening school by Sister Penn.

Brown Place. Here Miss Maud Cretors and Miss Lillian Cole have been laboring, and will be supplied by Rev. and Mrs. F. B. Janzen next year.

The time at my disposal was too short to visit our work in Gazaland. On the way we met Rev. and Mrs. C. S. Jenkins and Miss Eva E. Rixse, where we conferred concerning the work in Gazaland. The Portuguese language is spoken in connection with the work.

Stegi. Rev. and Mrs. F. B. Janzen were in charge. They have a fine day school with 50 students. Miss Myrtle Pelley in the dispensary is carrying on a very successful enterprise and gives unstintingly of her services.

Bremersdorp is in the very heart of Swaziland. It is a government center and has a large white population. The civil administration desires that we locate a hospital at Bremersdorp, and for that purpose granted us 35 acres of land and will make some contributions toward the effectiveness of site by conveying water to the same. Hospitals here are not like those in other countries. The native patients prefer huts to wards, and this idea is carried out by other institutions here. The native huts would be scattered around on one side of the main building, which would provide wards for white people, a dispensary, officers' rooms for operations, a doctor's house with the usual accessories, also quarters for the nurses. Government officials here realize that natives who pass through the training of missionaries can never again be like the raw heathen, as the knowledge given them makes their future outlook entirely different. The Government requests that industrial training

along the lines of farming be given these natives. An appropriation of \$10,000 is asked by the Mission Council of South Africa, for the hospital. (The General Board voted the appropriation.)

At Peniel Station I found everything overcrowded, with great interest in the school for young men. Missionary Council was held at Fitkin Memorial Station and was a most profitable time. The missionaries were all present, business was transacted with dispatch with the end of securing greater efficiency in view. Rev. H. F. Schmelzenbach is the experienced and efficient superintendent of the work. The loyalty of all our workers to the church is unquestioned.

WESTERN INDIA. Rev. K. Hawley Jackson was my traveling companion and a real helpmeet in western India. I visited Vasind, Murbad, Khardi and Buldana, where our missionaries are at present located. I also visited Shahapur, Parelli, Godable, Chikdi and Mekhar, where we have property. I also visited Jamner.

We will make Shahapur the main station instead of Vasind, as it is more healthful. Miss May Bursch is located here. Murbad is a fine field for our work, and Miss Eltie Muse is a most excellent missionary. She is assisted by Sister Agnes Gardner. A home for the missionaries is most urgently needed in Murbad. Miss Muse returns to Murbad and Miss Ruth Rudolph will assist her. Miss Bessie Seay is located at Khardi. Some improvements will be made in the property here. A dispensary is doing excellent work. Miss Lula May Tidwell is the associate. Buldana is our main station in Western India. Here is a fine new church, large buildings for our missionaries, and Rev. and Mrs. R. G. Codding are located here. A splendid girls' school has been in operation. Brother and Sister P. L. Beals and Brother and Sister A. D. Fritzlan are located at Buldana. Sister Beals has charge of the boys' school and Sister Codding has charge of the girls' school. The love and loyalty of our missionaries in Western India is unquestioned. I impressed upon them the necessity of having a Sabbath day of rest, one day when

they would rest and have quiet meditation and physical relaxation.

EASTERN INDIA. I arrived in Kishorganj, Mymensingh District on the 8th of November at 9:30 p. m., having spent three nights on the train. We have a wonderful plant at Kishorganj. The bungalow assigned to the lady missionaries is spacious, well-aired and strongly built. The Orphanage is also a substantial structure. The native teachers have a building for themselves which is very comfortable. A permanent building for a school is necessary, as is also a permanent dispensary.

The Council in Eastern India was most delightful, and at the close the missionaries were loath to finally adjourn, as every session had drawn all hearts closer in relation to the work, the church, and one another. Rev. R. G. Codding is President of the Council, Rev. George J. Franklin is in charge of station and men's evangelistic department, Mrs. Franklin is in charge of the dispensary, Miss Maud Varnedoe of outside evangelistic medical work, Miss Nellie Ellison supervises the girls' school, orphanage, outside Sabbath schools, Sister Lou Jane Hatch is treasurer and supervises the women's evangelistic work.

PALESTINE AND SYRIA. On arriving at Port Said from India I was met by Rev. Alvin H. Kauffman who became my traveling companion during my stay in Palestine. We traveled by train to Haifi, by motor to Beyrout, thence to Damascus, thence to Bludan, where Brother Thahabeyah labors. It was decided to move our main station to Zebdani, three miles from Bludan, at the same time continuing to care for the converts in Bludan. Brother Thahabeyah has witnessed with great joy the conversion of a number of his relatives, his mother among them. A good work is being accomplished here.

Careful survey of the whole field of Palestine was made while sojourning in Jerusalem. Our work is largely with the Armenian people, and we will work in Haifi, Acre and Nazareth, also Jaffa. Moses Hagopian has been appointed to this field. Jerusalem is the mecca of

Jews, Gentiles and Christians of all kinds and creeds. Our work here has been wonderful for the time we have been here, and Christian workers in the city testify most favorably to the efficiency of our missionaries. Our work here has been conducted in a rented hall, and we are in need of permanent buildings of our own. We have a good Sabbath school but need a day school as well, as the children are

the hope of the future. Rev. Samuel Krikorian is doing a fine work and is loyal to the church and enjoys the blessing of God. His wife is an efficient help meet. Rev. and Mrs. A. K. Kauffman have given faithful service and hard work in this hard field.

This year I have visited all the fields on my area except Cape Verde Islands.

The General Board of Education

One may become a Christian by means of instantaneous conversion, he may obtain a pure heart in answer to an instant appropriating faith, but the development of character requires processes of which time is an important element. Agreeable to this conception is the Great Commission which enjoins the Church to "preach and teach." And any branch of the Church which commits the education and training of its youth entirely to secular agencies will fail, just as those branches which have omitted the evangelistic note in their mission have failed.

Of course there is a teaching phase to every department of the ministry of the Church, and every division of that ministry is vitally dependent upon every other division, so that we cannot accurately divide the work of the Church into "missionary and educational" ministry; yet in certain forms of ministry the evangelistic predominates and in others the educational takes the leading place.

Two special tasks are assigned the General Board of Education by the General Assembly of the Church of the Nazarene: one is that, together with the Board of General Superintendents, it shall constitute a board to arrange a course of study for Licensed Ministers, Local Preachers and Deaconesses; the other is that it shall foster such schools of the Church as are believed to be expedient. The first of these tasks has been and is being done with a good degree of satisfaction. With such text books as are available, the best

selections have been made and assistance given in plans of study, and the result is that the general educational standard of our ministry is being continually elevated. A further service is now being undertaken by the board in the preparation and publication of text books especially adapted to our needs. Three or four of these books, it is hoped, will be published during the year 1925, and others will appear as time permits.

The task of making and introducing plans for the proper care and development of our educational institutions, through the splendid co-operation of those charged with the local responsibilities at the sites of our schools, is being accomplished in a very encouraging degree. The schools are all making such headway on the liquidation of their indebtedness that they have virtually been removed from the doubtful list, so far as this one impediment is concerned. Some very commendable building programs are being undertaken by several of these institutions, and the fact that our people gave about \$70,000 cash to our schools during 1924 indicates that the importance of this work is getting a good hold upon us.

Our school at Wollaston, Mass., has now secured sufficient subscriptions to liquidate its indebtedness. But it must soon have more buildings, acquire more and better equipment, and double its enrollment. The school at Olivet, Ill., has building sufficient for the present and is making some reduction in its indebtedness. But

it sorely needs further help to save it from the enslavement of debt and to enable it to secure added equipment. It also needs more students. The school at Nashville, Tenn., has a fair equipment and is not largely burdened with debt, but it needs more students and a general strengthening of its work through the careful support of its friends. The school at Bethany, Okla., is out of debt, and if the Districts in its supporting territory pay their budget for education, will close the present session without a deficit in running expenses, and is entering actively into the task of erecting a splendid and much needed building. But it needs more and better equipment and larger libraries, and should have a hundred more students this coming year. The school at Pasadena, Cal., is in fair financial condition, but it needs buildings very badly and should also have a larger enrollment. The school at Nampa, Ida., has had, and is still having a struggle with financial problems. It has pressing indebtedness and pressing needs for funds to complete its buildings and add to its equipment, and it needs a large recruitment for its student body. In addition to these six schools which are designated as the colleges of our Church, our Bible schools at Hamlin, Tex., and Hutchinson, Kas., have much need of money and of students, and it is the plan of the General Board of Education to lend all the possible assistance to these schools in meeting these needs during the coming year. Several of the schools are meeting with such splendid success in the management of their affairs that the school situation in our Church is beginning to possess a marked optimistic outlook.

In addition to these needs of the particular schools, the General Board of Education itself should have a large central endowment fund, the income from which would be distributed in assisting the schools. Until a certain school has become well established it is scarcely possible to expect it to gather an endowment of its own, and yet it is well known that it is not possible for any school of college grade to meet its running expenses from the current income from students.

Money lodged with the General Board of Education would be invested in safe securities and the proceeds would be distributed to the schools according to the amount and grade of the work accomplished. During the year 1925 it is hoped that a substantial beginning may be made on this much needed fund.

In the following pages we present a somewhat detailed prospectus of our various schools, which we trust will be useful in stirring an intelligent interest among ourselves and our friends. One man has said, "When a Church apostatizes, it begins with its schools," and if we would keep out of the list of dead and dying denominations we must build and maintain strong well-equipped schools which will be ever characterized by their loyalty to the truths of the Bible and to the spiritual standards of our fathers.

EASTERN NAZARENE COLLEGE

Eastern Nazarene College is the outgrowth of the Pentecostal Collegiate Institute organized at Saratoga Springs, New York, in 1900, by the Association of Pentecostal Churches of America. Three years later the Institution moved to what was formerly the Lapham Institute of North Scituate, Rhode Island. In 1918 that property was decided to a Board of Trustees, elected by the several districts composing the Eastern Educational District, thereby becoming the property of the Church of the Nazarene. The name was changed to Eastern Nazarene College. The development of the College, demanding larger facilities, the institution was moved to property known as Quincy Mansion School, Wollaston, Massachusetts. The College is now in a forward movement to secure new buildings to house the increased number of students.

The College grounds, nine acres, are covered with noble old trees of many kinds, shrubbery, hedges and spacious lawns arranged by the skill of the landscape gardener. The campus is about five minutes' walk from the ocean. There are five large buildings. The approximate value of buildings and grounds is \$127,000.

The faculty consists of fifteen professors and teachers. The College offers courses leading to the degrees of Bachelor of Arts, Bachelor of Theology and Bachelor of Science. In addition to the College Department there is an Academy and also Departments of Music, Expression and Sub-preparatory work. Students from Eastern Nazarene College have been admitted to leading colleges and universities of the east without examination.

Eastern Nazarene College derives many advantages from its location. Students of the school have the opportunity of enjoying music, art and lectures in Boston. Various exhibits, Boston City Library, art museums, the Arnold Arboretum and unnumbered places of historic interest, afford opportunities almost unparalleled for research work. The beauty of the environment of Wollaston is well known. The far famed picturesque Blue Hill regions, the granite quarries, the delightful Wollaston Beach, the broad elm-lined streets, all make Wollaston an ideally beautiful location.

The purpose of the college is to provide a liberal education under the best moral and religious environment, and especially within the reach of persons with moderate income; to provide a place where those who have awakened somewhat late in life to the need of an education may take preparatory and higher subjects. This school, like all other denominational institutions of learning, is committed to the doctrines and principles for which the Church of the Nazarene stands.

The graduates and former students of Eastern Nazarene College are reaching many sections of the world—in pastorates, evangelism and the mission field, as well as filling honored positions in business life, all of which convinces of the worthwhileness of such institutions. Many excellent young people from the Reformed Baptist churches of the maritime provinces including a number of young ministers, have received their preparation at Eastern Nazarene College.

The college takes pleasure in announcing that the entire indebtedness has been provided for. There are fine tangible

prospects of being able to erect commodious dormitories in the near future, releasing for college work many spacious rooms. The school offers to those who believe in investments in Christian character, the opportunity to aid in the erection of such buildings.

Within the last twelve months the Alumni Association has purchased and presented to the college a parcel of ground for recreation field. These grounds will be available for every proper form of outdoor activity. But no amount of finances will solve the problem of this college. A substantial increase in registration is imperative.

A supreme effort is being made to represent the school in the various centers in the Eastern Educational District this summer. Our catalogs and literature are for free distribution. The day is nearing when pastors and lay members will turn instinctively with their young people to Eastern Nazarene College for thorough and yet guarded educational work. The future is bright with prospects for the school and for the young people who are being trained within her walls. Floyd W. Nease is the President.

NORTHWEST NAZARENE COLLEGE

Like all other institutions that have sprung up from the soil of holiness evangelism Northwest Nazarene College had a humble beginning in the minds of its founders. They designed to establish a grammar school for the children of the community from Nazarene homes. A holiness revival meeting having been held some time previous, and a Church of the Nazarene having been organized and a chapel built, there seemed to be the demand for a school in which the Bible and spiritual religion should be pre-eminent. In 1913 a grammar school was organized. A little later the grammar school became an academy and this naturally led to the desire upon the part of academy graduates for a college education, and the college came into being in 1916.

A twenty-five acre location was selected lying within the southern limits of the

city of Nampa, Idaho, and within the brief period of a few years a sage-brush field has been transferred into a campus with five large buildings, steam-heated and electric-lighted. The property has a present valuation of \$125,000. Rapid developments indicate that Nampa will soon be the metropolis of Idaho.

Northwest Nazarene College has a good grammar school presided over by Mr. L. S. Dobbs, where both resident and non-resident students can receive the best of care and be surrounded by the proper moral and spiritual atmosphere, and where the Bible may have its proper place in the course of study. This grammar school also becomes a training school for teachers. College students who wish to prepare to teach are given training in practical teaching under supervision. Rev. L. S. Tracy, A. B., is principal of the Academy. Scientific, literary and classical courses are offered, all full four-year's courses. The primary purpose of the Academy is the preparation of students for college and technical schools. The College offers courses in Liberal Arts and in Biblical education, both of four years. These courses lead to the degree of Bachelor of Arts. By majoring in science the degree of Bachelor of Science will be conferred. There is also given an English Bible course of three years. There are Departments of Oratory and Expression, Music, and Art. In connection with the Nazarene Missionary Institute and Sanitarium, nurses training courses are offered with medical lectures designed especially for missionaries.

Northwest Nazarene College is supported by the assembly districts composing the Northwest Educational District, from which territory a large number of the students is secured. However, the enrollment reveals students from other sections of the country.

The spiritual atmosphere of the school is always kept at white heat. The Home Mission Band holds services in various places each Sunday and the results from this work have been very gracious. The Board of Directors and the Faculty stand

unequivocally for the inspiration of the Bible, the divinity of Jesus Christ, and the institution is committed to that great dispensational truth for which the Church of the Nazarene was called into existence, namely, that Jesus Christ baptizes believers with the Holy Ghost—the Wesleyan doctrine of entire sanctification.

Student graduates are successfully serving the church in the evangelistic field or filling the pulpits of the church with credit to themselves and the school. Seventeen missionaries in the foreign fields are demonstrating the value of its training, and sanctified young men and women are filling places of responsibility in secular life who owe much of the high ideals of life to the influence of this institution. The past year has witnessed its conflicts and times of perplexity but faith through prevailing prayer has triumphed. H. Orton Wiley is President.

PASADENA COLLEGE

Pasadena College is located in beautiful Pasadena, a city of very fine cultural advantages, in Southern California. The original institution, known as Deets Pacific Bible College, was founded in connection with the beginning of the western division of the Church of the Nazarene by Rev. Phineas F. Bresee. The College of Liberal Arts was added in order to give the young people of the Church of the Nazarene and others a literary education and at the same time save them to the church and safe-guard them from the teachings of destructive criticism and modernism.

Pasadena College is supported by the Southwest Educational District of the Church of the Nazarene.

The following departments are maintained: College of Liberal Arts, conferring degrees of A. B., B. S. and B. L.; the Bible College with Theology courses and Divinity course, conferring the B. D. degree; the School of Music; courses in education, expression and nursing; a High School department and a grammar school department. The year 1923-1924 witnessed an enrollment of 495 students.

There were graduated from the eight departments 120 students, twenty-nine received the degree of Bachelor of Arts and four the degree of Bachelor of Divinity. Fifteen different denominations were represented among the student body. Students registered from twenty-eight different states and from eight foreign countries.

Pasadena College has furnished twenty-two teachers for our holiness schools and colleges, three college presidents and nine persons who have been or are now on the mission field, all of whom were college graduates. Among former students of the college are a large number of public school teachers, pastors, evangelists and other Christian workers. Nineteen pastors of the Southern California District and four of the Northern California District were students of the school. The purpose of the institution is to give a Christian education. With the training of the mind there must be the building of Christian character. The Bible is taught as the word of God and Bible study is required of every student. The faculty and board of trustees stand unequivocally for the inspiration of the Scriptures, the deity of Jesus Christ, the personality and agency of the Holy Spirit and the two great works of grace, namely, regeneration and entire sanctification. C. B. Widmeyer is the president.

TREVECCA COLLEGE

About twenty-five years ago Rev. J. O. McClurkan came to Nashville, Tenn., and started a school on Jo Johnson Street and Fifth Avenue, which he named the Literary and Bible Training School. This institution, beginning with only a few students who assembled for recitation when it was convenient for Mr. McClurkan at the signal of the ringing of a dinner bell, grew until the quarters were too small. This property was sold and other property purchased at 125 Fourth Avenue N. There the school and a place of worship were continued together until the work outgrew its building, and three different

times had to be enlarged. During this time a number of students who attended the school saw the need of higher education but would not leave this school to go elsewhere to obtain it. Mr. McClurkan was finally prevailed upon to strengthen the curriculum, making it a regular college, giving not only the Bible and theological courses but literary work through the high school courses and four years of college work.

It was deemed advisable to change the name of the school, but to select an appropriate name was a problem. Mr. McClurkan, being a wide student of church history was familiar with the work of the Wesleys and Whitefield. There was a time when Mr. Wesley and Mr. Whitefield had a separation over doctrinal points, Mr. Whitefield holding to Calvinistic tenets. An English woman, who was an admirer of both men, being very anxious to see them reconciled, started a school with the idea that the followers of both men as well as the men themselves could visit the school and not feel embarrassed doctrinally. This school proved the means of restoring the friendship of these two great men. "Trevecca" was the name given to this school, which means "From disagreement to Unity, from strife to harmony". Mr. McClurkan, having been reared a Presbyterian, felt there should be a closer relation between the two great wings of the protestant church and planned to do all that he could to secure a friendly relation between the Calvinists and the Arminians. Consequently, he named the school Trevecca after the one in England.

The promoters of the school have been approached several times with a request to change its name, making the name more local in its meaning, but for the above reasons have never felt like changing it. The fundamental reason for naming the school Trevecca College is perfectly legitimate and the plan to build a great college and Christian training school has never been changed. It places Christ above creed and deep spirituality above dogma.

In 1914 a school property on Fourth

Avenue was exchanged for the beautiful tract of land on Galatin Pike, formerly the old Warner home. Since that move there have been erected a boys' dormitory, a girls' dormitory and another building for college class rooms and auditorium seating about 1000 people. There are also practice rooms, lavatories and lecture rooms for the science department.

Trevecca College is the official college of the Church of the Nazarene for the South-eastern Educational District. It is controlled by a board of trustees, sixteen in number, six of whom are elected from Tennessee and two from each of the other five districts. The school has ten distinct departments with efficient teachers at the head of each, who have been trained in leading colleges and universities. The dominant purpose of the school has been the careful training of Christian workers whereby to aid in the evangelization of the world. It has always stood for the great doctrine of Salvation from all sin, making especially prominent the teaching of Bible regeneration, sanctification and the pre-millennial coming of Christ. Trevecca College owns real estate valued at \$168,000. It originated with a student body of about one-half dozen and a faculty of one devoted man, and has grown to a college with an enrollment of over 250 students and a faculty of twenty-two members. Her students are filling successfully some of the leading pulpits in the different denominations. Some are teachers in various schools and colleges, others have gained distinction in different vocations, while a large number have become missionaries in foreign fields. John T. Benson is the president.

OLIVET COLLEGE

Olivet College was originally organized as an undenominational holiness school by men whose hearts had been touched by the Spirit of God, and who, because they had been denied the privilege of college training, felt the need and saw the necessity for training gospel workers and citizens to help promote the preaching of the

gospel of full salvation. Olivet College is located at the village of Olivet in East Central Illinois, 140 miles south of Chicago on the electric railroad, between Danville and Ridgefarm.

The school owns fourteen acres of land upon which are several buildings, including a large administration building, consisting of thirty-two rooms, used for class and office purposes, and also including an auditorium capable of seating about 600 people. There is also a commodious dormitory of sixty-four rooms with a large dining hall, adequate kitchen and storerooms on the first floor. There are also several large dwelling houses which belong to the property. All of these buildings are heated by a steam heating plant housed in a separate building in which is also located the laundry. Olivet College is incorporated under the laws of Illinois and controlled by a board of trustees elected by the several district assemblies of the Central Educational District of the Church of the Nazarene. The school has a faculty of about twenty-five men and women who are graduates of some of the leading colleges and universities.

The work of Olivet College covers a well organized Academy or High School, a Bible college and college proper, with special departments of Expression, Music and Commerce. The Academy has twenty-six units accredited by the University of Illinois. While the college has not been accredited yet, the graduates have been accepted by higher institutions of learning and given the Master's degree within the usual one year's limit. It is the purpose of the promoters to make this school one of gospel fire. The Department of Bible and Theology is being strengthened by every available means. Leading evangelists and lecturers of the holiness movement are brought before our student body from time to time to strengthen them in the faith and to broaden their outlook in Christian service. The faculty and board of trustees stand solidly and unequivocally for the forgiveness of sins through genuine repentance, and for the eradication of inbred sin by

the baptism of the Holy Spirit. The school refuses to admit worldliness or to modify its theology to please the demands of modernism.

While Olivet College stands for "The Faith which was once delivered unto the Saints", it contends for thoroughness in educational work. To produce the desired results along this line its courses are thoroughly censored and irregularities are not countenanced. The school seeks a combination of the best in the educational realm with the best in the spiritual realm. Olivet College offers to assist a number of young people in working for a part of their expenses. This opportunity is offered only to those who cannot attend without assistance. N. W. Sanford is the president.

BETHANY-PENIEL COLLEGE

When the Church of the Nazarene in the Southland was developing many schools were producing unbelievers instead of believers. In many supposedly Christian schools the Bible and old-time faith were ridiculed. The uncompromising position taken by the Church of the Nazarene relative to the credibility of the Bible required the establishment of a Christian college to prepare workers to meet the needs of the growing church. In 1909 Beulah Heights College was established at Beulah Heights, a suburb of Oklahoma City. When this institution was formally transferred to the Church of the Nazarene, an old Indian camping place known as Council Grove, four miles west of Oklahoma City limits, was selected and ground purchased for the location of the school. Bethany was the name given to the new location. Later the name of the institution was changed to Oklahoma Holiness College. In 1920 Peniel College, Peniel, Texas, was united with the Oklahoma Holiness College and the name was changed to Bethany-Peniel College.

Bethany-Peniel offers instruction beginning with the sixth grade and extending through High School and four years of college. Instruction is also offered in Expression, Piano, Voice, Stringed instru-

ments and wind instruments. The school is accredited by the State Board of Education for its grades, high school and two years of college work. In addition to the work above mentioned a Theological Department has been organized with strong, capable teachers in charge of this work, and already scores of young men and young women having completed a theological course have gone out into fields of active service. Bethany-Peniel College is owned and controlled by the Church of the Nazarene and is designated by the General Assembly as Senior College of the Southern Educational District. The Board of Management and the faculty stand uncompromisingly for the Bible as the Word of God, and is loyal in practice and spirit to the principles for which the Church of the Nazarene stands. It seeks to maintain a high order of piety and of Christian scholarship. The school stands for and teaches the two great works of grace, regeneration and entire sanctification, in harmony with the position of the Church of the Nazarene.

Last year the College was freed from debt and determines to maintain a sane, conservative business policy. The friends and management of the Institution, believing that a new building was a necessity, are engaged in a campaign to erect an administration building which will also furnish a commodious auditorium. A. K. Bracken is the president.

CENTRAL NAZARENE ACADEMY

Central Nazarene Academy is situated in Jones County, Texas, about two hundred miles west of Dallas where cotton and cattle are raised in abundance and the climate is easy to become adapted to. It was originally founded for the purpose of giving boys and girls of West Texas a chance to receive an education under the direction and help of sanctified teachers and with the environments of God-loving and God-fearing people. With St. Paul we can say we "have not been disobedient to the heavenly vision".

We realize, as never before, that if the doctrine of entire sanctification is to be

propagated in the future in our fair land, the responsibility of teaching and leading our young people into this sound, sane, God-ordained experience rests upon the shoulders of our Nazarene schools. We also realize that many girls and boys are being swept off their feet by the deluge of devil-designed forms of amusement. Their instinctive desire to worship something is being diverted from God and godliness to the devil and idolatry.

We know that Central Nazarene Academy has an important place to fill in God's Kingdom because the devil is fighting with all his might to tear down, discourage and thwart the efforts of the authorities to make a holiness school of it. Thank God, today finds us far up the road on account of allowing God to solve our difficulties.

This, the fourteenth year since the school was founded, has proved to be a turning point in the history of the institution. The old supporters, re-inforced by new enthusiastic believers in a prayer-answering God, with a vision of the possibilities of this institution that surpasses the ability of man and comprehends the omnipotence of the Almighty are rallying to rebuild the walls of Nineveh. God has wonderfully blessed their efforts this year. More students, old local indebtedness paid off, better spiritual condition in church and school, more students saved and sanctified, students burdened for the lost, boys and girls being called as ministers and missionaries and other things too numerous to mention go to prove that "God is for us and WHO can be against us".

We are looking forward with expectancy and a faith that meets no utter defeats to the opening of our next session Sept. 14, 1925. We believe that God has a very prosperous year in store for us.

BRESEE COLLEGE

Bresee College, located on Fourth Avenue East, Hutchinson, Kansas, is

one of the Junior Colleges of the Church of the Nazarene. In the year 1897 two women, whom God had sanctified wholly, met for the first time in Hutchinson, Kansas. Being desirous of leading others to a knowledge of full salvation they started a prayermeeting in a home on Fourth Avenue East. Their efforts were greatly blessed and as conversions increased and interest in the doctrine of sanctification became more manifest and others of like precious faith moved into the city of Hutchinson they became impressed that a Bible school was needed. A five-room cottage was donated for this purpose. In 1905 a transfer was made to a large building on Fourth Avenue East. As the work increased it became evident that more than Bible study was needed and the curriculum was strengthened and more members added to the faculty. Literary courses were provided and literary departments organized. Each advance step necessitated additions to the faculty.

This school has always specialized on Bible training and missionary activities, and music is given a prominent place, especially as it relates to Christian activities. Students who have been trained at Bresee Theological College are serving efficiently and faithfully as pastors, evangelists, missionaries, teachers and college presidents. Others are rendering efficient service to the Cause of God and the Church and common-wealth of which they are citizens, as Christian laymen of high ideals. About twenty pastors on the Kansas District of the Church of the Nazarene received training in this school. The local Church of the Nazarene owns a large brick church building adjoining the school property and has a church membership of 225 and a Sunday school enrollment of over 400. A. S. London is the president.

The college has a present enrollment of about 160 students. The college enrollment is 34 and the Department of Music enrolled 64 students.

Sunday School Work

The first year of our Sunday school work under the care of the General Sunday School Committee appointed at the last General Assembly has now passed into history. As all know, this appointment of a Sunday School Committee was a new departure and hence the work has been somewhat new and the plan of work must all needs be developed. The Committee has been just as active as the conditions and means at hand have permitted. The lack of co-operation on the part of the local schools, although probably not being intended as lack of support or interest, but the result of careless habits already formed relative to connective work, has hindered considerably. This connective neglect and indifference must be overcome if there is to be the marked success that should follow the appointment and work of this Committee.

However, the year's Sunday school work has been very successful, possibly as successful as any department of the Church. The reports show there has been an increase of 106 schools and 12,882 members during the year. The total registration in our schools now, not including foreign lands, is 91,996, nearly double the membership of the Church. There has also been a splendid increase in the circulation of our Sunday school publications. The total circulation of copies for the year has been 2,924,976, which reduced to pages is 29,230,900. Besides furnishing the material put out by the Publishing House we have furnished the Lesson Comments to our Central American printing plant and a lesson leaflet has been issued by them which is used not only by our own mission Sunday schools but by at least three other bodies working in Latin America.

The Committee also made application for affiliation with the International Council of Religious Education and was accepted. This means that our church is a full co-operating body in this Council with a member on the Executive Committee, the governing body, and the Lesson

Committee, which selects the lesson courses. We will be asked to pay our share of the Council expenses and the expense of our representative in attending necessary meetings, which will probably be about \$300. But the benefits derived and the possibility of the influence we may exercise will justify this expense for the affiliation.

At the recent meeting of the General Sunday School Committee the following outline of work was adopted for the coming year:

1. To place in operation at the earliest moment possible the Teacher Training Course under our denominational care in connection with the International Council of Religious Education. This Course to be given by Correspondence, in Local Classes, and in District and General Institutes. A pamphlet of explanation and instruction relative to the Teacher Training Course is to appear soon.

2. To encourage the holding of local and district Sunday school conventions of an inspirational and instructive nature. Dr. E. P. Ellyson, with Mrs. Ellyson as a regular appointed field worker, to give as much time to convention work as possible. Other groups of special workers to be arranged as conditions may justify.

3. To arrange as soon as possible supplemental lessons of general Bible, doctrinal and missionary studies for the different departments.

4. To issue Lesson Helps for the Group Graded Series for the Junior Department as soon as the demand will justify the financial outlay.

5. To encourage the Vacational Bible School work wherever there is a prospect of making it a success.

6. To seek a more efficient District Sunday school organization, in order that the District may co-operate with the General Sunday School Committee in holding conventions, collecting statistics, and finances, and giving encouragement to the local work and organization in new fields.

7. To encourage Department and Class

Organization in order to secure more efficient and greater activity. A pamphlet of explanation showing the advantages and giving instruction will be issued.

8. To encourage greater efficiency in the organization and operation of the local school in order that larger results for Christ and the church may be secured, a system of standardization and grading has been adopted and will be put in operation. A pamphlet of description and explanation will be prepared.

9. To encourage the Cradle Roll Department and arrange for some special helps of the parents.

10. To secure the entire amount of money allowed to the general Sunday school work by the General Assembly. Each local Sunday school is asked to raise its quota and send it through the District Treasurer distinctly designating it for the General Sunday School Fund.

Social Service Work of the Church

REST COTTAGE, PILOT POINT

Rest Cottage at Pilot Point, Texas, a Home for erring girls and outcast children, was opened February 1, 1903 by Rev. J. P. Roberts and wife. This Home has been under the continued management of Mr. and Mrs. Roberts since the opening. The Home is governed by a board of nine directors elected by the supporting district assemblies, and the property is held in trust for the Church of the Nazarene. There are 53 acres of land divided into pasture, groves of pecans and persimmons, with a portion devoted to gardens and fruit. The land and buildings are valued at approximately \$50,000.

Rest Cottage is supported by free will offerings and such provision as may be voted by the supporting district assemblies. Any unfortunate girl of sound mind is received. Others who need preventive surroundings to keep them from going down are given shelter and care in Rest Cottage. The question is often asked: "Does social welfare work pay?" In reply to this we are glad to say that 85% of the girls entering the Home make good, many of them becoming teachers, nurses, and employees in the business world. Many of them marry and have turned out to be excellent wives and useful citizens. In an atmosphere of deep spirituality some of the girls receive a divine call, and responding become preach-

ers, missionaries, and Christian workers along other lines.

When girls enter the Home their salvation becomes of first importance, as this Home was founded by those who had a vision of God for the complete spiritual restoration of fallen humanity. The girls are taught to seek salvation in the old-fashioned way by praying through until faith realizes the victory, making restitution and confessing wrong to those to whom confession is due. The Home stands for old-fashioned Wesleyan entire sanctification, and as soon as the girls have experienced the gracious work of regeneration they are urged to consecrate their lives to God and receive the further work of entire sanctification through the baptism of the Holy Ghost. A spiritual leader is appointed who has prayer service with the girls at sunrise, with group meetings for prayer at 4 o'clock in the afternoon, each group being led by one of the girls. When the evening meal is ended all kneel about the tables and render thanks unto God for His gracious blessings of the day.

It is not enough that spiritual effort alone be put forward in behalf of the inmates as the useful trades and employments qualify them for capability in society. To this end domestic science, cooking, fancy work and sewing are taught. The girls are organized into groups for this instruction, and also for handling the work incidental to operating

the Home. Through this group organization they take turns in acting as waiters, cooks, chamber maids, laundresses, poultry keepers, yard girls, milk maids. There is also instruction along literary lines; and music, voice and Bible instruction.

The year 1924 marked many battles fought, many perplexing problems and many difficulties overcome, all through belief that God will always hear and answer prayer and give the needed victories, grace and wisdom. The workers in Rest Cottage are sustained in their conflicts by the consciousness of the victories which have resulted in redeeming girls from the past and so assisting them as to make them a blessing in the great tomorrow. They realize what a privilege it is to spend their lives for those who are unfortunate and also what a privilege those enjoy who care to make an investment of some of their money in this great work of gladdening hearts, lightening burdens, making the sad to be joyful, and restoring virtue and purity. The workers of Rest Cottage are more firmly convinced today that whether people will hear or turn away, it is their responsibility to continue to tell them of the power in Jesus' blood to lift from sin, and point the way to God who makes fallen humanity into new creatures, cleanses their hearts from all sin, and gives them new ambitions, new motives, new songs and praises unto our God.

Among the workers during the past year we make mention of Mrs. Maud Snell, our efficient and capable teacher, under whom the girls have had the privilege of intellectual training and have had opened up to them new fields of knowledge and been shown new beauties in life.

Our matron, Helen Vandemark, whose body God touched and so restored her that she was able to resume her former duties and responsibilities.

Minnie Rattenbury has been in charge of the hospital, and some of the girls have been gaining a practical knowledge of nursing under her capable direction.

Minnie Kurtz has been abundant in spiritual labors, as she has pled, prayed

and wept over the erring girls as they have come to Rest Cottage, and she will without doubt, in that Great Day of rewards see jewels at the Master's feet as a result of her humble efforts. She will gladly say when she looks upon His glorified countenance and sees the precious souls that have been won, "It is enough."

We would not fail to mention Blind Helen, who has been true to her calling, the ministry of prayer. She has waited on God, clung to the horns of the altar and prevailed in prayer. Hers too will be a satisfying reward in that Great Day.

Marie Cecil, our competent Secretary and teacher of stenography has not only been faithful in the office, but has also given some of the young women a stenographic course of instruction. She too will be rewarded when she sees those by whose instrumentality she has made efficient, occupying places of trust and responsibility in the business world.

The Home has greatly appreciated the personal visits of our three General Superintendents, Rev. H. F. Reynolds, Rev. John W. Goodwin and wife, Rev. R. T. Williams and wife, and their most hearty endorsement and approval of the work being done by Rest Cottage. We appreciate the enthusiastic manner in which they commend our work to the district assemblies in our connection, and we are sure that the results of their representation bring great support to this institution. Our field workers, Mr. and Mrs. N. B. DeArman, Miss Nell McMillan and Mrs. Aileen Hilbronner, have been untiring and have been instrumental in God's hands of securing many cash donations and many generous donations of provisions for the Home.

During the year some improvements have been made in the property, and we have also been permitted to purchase some additional property. At the beginning of the fiscal year, March 1, 1924, the Home reported a cash balance of \$489.75; cash received during the year \$12,478.08; disbursed for general running expenses \$10,625.35, and for improvements \$1,556.75. There have been 58 girls received into the Home during the year, which with the

40 already in the Home makes 98 that were cared for. There were 6 babies in the Home at the beginning of the year, and during the year 35 were born. The total number of babies and children cared for 47, which with 5 workers, makes 150 persons cared for by the Home.

Rev. J. P. Roberts is the Superintendent and Mrs. Minnie L. Roberts the Manager.

REST COTTAGE, KANSAS CITY

To write the story of the activities of Rest Cottage, would seem like furnishing a repetition of other accounts that have been published from time to time, during the past twenty years, in the daily press and in church literature, but there is a prevailing notion on the part of the directors that the issuance of a Nazarene Year Book, dealing with the affairs of the church, would be incomplete without at least a few words about an institution, which has been the subject of Nazarene prayers for a great many years.

The underlying factor in the organization of the Rest Cottage Association was a firm conviction on the part of a few devoted followers of the lowly Nazarene, that if there ever was a class of people who needed a friendly welcome it was the girls who had stumbled in the pathway of life, and were looking forward to motherhood.

By the same token, the organizers were convinced that the spiritual natures of these unfortunate ones needed to be strengthened as well as the physical; that nothing short of salvation through the Lord Jesus Christ, would ever supply a stable foundation for the rebuilding of a marred life. Because of this conviction, the daily program of Rest Cottage has been marked by an endeavor to emphasize the importance of early bringing its inmates to a knowledge of things spiritual, and because of this effort on the part of those in charge, it is of record that scores have gone out from its doors, happy in the love of Jesus, to become valuable members of society, and a great many are ruling as queens in their their own homes.

To speak of Rest Cottage and not make

mention of Miss Lue Miller, the one who has guided the institution through the turbulent waters of many a discouraging year, would be doing an injustice not only to the institution, but to its Superintendent. No words of commendation are necessary to those who know of her sacrifice of time and talents to the cause of the prodigal girl, but to those who read this sketch, who have never been blessed with her acquaintance, let it be known that for nearly twenty years, she has fought the battle of others, and by godly life and example has brought light into many darkened lives, and in the day of rewards, many will be on hand to "rise up and call her blessed".

Since Rest Cottage first opened its doors, more than a thousand adults and over five hundred children have been ministered unto, and this number would have been materially increased, had the facilities of the Home been such as to give shelter to all who have applied. The past year our accommodations have been taxed to the utmost, even to the extent of putting cots in the halls, and many a discouraged one has heard the words "sorry, but we have no more room", and has been obliged to turn back to an unfriendly world, to buffet the waves of despair as best she could.

The business affairs of the institution are conducted by a Board of Directors, numbering twenty, who meet monthly to consider the needs, and go over the details of management, and as all the members are loyal Nazarenes, these monthly meetings are a source of inspiration and spiritual uplift.

Our present property at 2905 Campbell St. is nicely located for an institution of this kind, convenient to hospitals, church and public library, and consists of a sixteen room dwelling on a fifty foot lot, but as noted above, the time is soon coming, if it is not already here, when we shall be obliged to seek new quarters. The great question is, shall we turn a deaf ear to the insistent pleadings of girls who expect kindly consideration from those who profess to have "bowels of compas-

sion" or shall we get a firmer grip on the promises of God, and move forward to meet the emergency.

For years this institution was supported by the voluntary contributions of its friends in Kansas City and immediate vicinity, but for the past six years it has participated in the charity Chest Fund, but as the amount thus received is for maintenance only, no part of it can be used for equipment or building purposes. A Building Committee is now considering plans for acquiring a larger tract of ground, which we ought to secure by the use of our equity in our present property, and then through the benefactions of those of our friends, who have a bountiful supply of this world's goods, raise a sum sufficient to build a Home large enough for the future.

While we have not as yet been adopted by the Church as a Nazarene Institution, yet we are essentially Nazarene, in that we believe and teach our inmates the all-sufficiency of the Blood for the eradication of the carnal nature, and many are the girls who have gone out in the experience of "the second blessing properly so-called."

May we not urge you who read these lines to present the interests of this "Harbor of refuge" to our Father, when you pray, that in His own mysterious way, these problems that we are facing may be worked out to His honor and glory and the uplift of suffering humanity. The Superintendent is Miss Lue Miller.

PENIEL ORPHAN'S HOME

Early in the twentieth century the holiness people of the north and east part of Texas, seeing the need for maintaining an institution under holiness auspices for the care of orphan children, opened Peniel Orphans' Home, at Peniel, Texas. Peniel, in which was formerly located Peniel College, is a suburb of Greenville, Texas. In 1917 the home was transferred to the Assembly Districts of the Church of the Nazarene of the South, to be conducted and supported by those districts. In 1919, after urgent solicitation upon the

part of persons interested in the home, the General Assembly of the Church of the Nazarene elected a General Orphanage Board, to whom the home was transferred with a view of building a large general orphanage for the whole denomination. Because of some unfortunate moves during the quadrennial the General Assembly of 1923 decided to abandon the idea of a general orphanage and proposed to transfer the property back to a board representing the Assembly districts of the Southern Educational District. The several districts concerned approved of the transfer and the same is in process of consummation.

Peniel Orphans' Home consists of a fertile black soil farm of sixty acres, with two large frame buildings, known as the boys' dormitory and the girls' dormitory, and also barns and other out-buildings. About forty acres of the land is cultivated for general farming such as the raising of corn, beans and cotton, and several acres are cultivated for garden purposes.

The farm is in charge of T. M. Fielding, who also has the over-sight of the boys in the home. Miss Pearl Cole is matron and is highly commended for her executive ability and economical management of the dormitories. Mrs. M. L. Dallas is another worker whose godly life and kindly ministrations are a blessing to the children. Mrs. Mathews, who has been known for many years as the friend of many of the young men who formerly attended Peniel College, has volunteered to take the over-sight of the poultry yard and instruct the children in the care of that department. Mrs. J. W. Benton is abundant in labors, assisting in keeping the human machinery of the home in good working order and blessing the children by her kindly and godly ministrations. Mrs. Annie Kimbrough and her band of co-workers of the Woman's Missionary Society, assist in looking after the wearing apparel of the children.

The home is under the general control of a board of trustees elected by the district assemblies of the Southern Educational District. Rev. J. W. Bost, District Superintendent of the Dallas District, Pe-

oid, Texas, is President of the Board. Mrs. Ina Lee Akin of Jonesboro, Louisiana, is Secretary of the Board. At the annual meeting in December, 1924, Dr. J. W. Benton of Peniel, long interested in the welfare of the Home, and for the past nine months active in the management and superintendency, was duly elected superintendent and manager.

The paramount object of Peniel Orphan's Home is to provide a real home for orphaned children where the building of character will be placed in the foreground. Every effort is made to lead the children to Christ and to aid them in becoming well grounded in the grace of our Lord Jesus Christ. At the time of this writing there are thirty-four children in the home and all are attending school and making fine grades, except five who are under school age. The children are not only being cared for and trained spiritually but

are also receiving instruction in such domestic arts and farm employments as will enable them to earn a livelihood when old enough to be placed upon their own responsibility. A thriving local Church of the Nazarene under the able pastorate of Rev. B. F. Harris, takes a very keen interest in the spiritual welfare of these children.

The school is supported by apportionments from the churches of the Nazarene in the Southern Educational District and by free-will offerings from all who are friendly to the care of these needy children. Donations of cash, provisions and clothing are always greatly appreciated and the management of Peniel Orphan's Home will most gratefully appreciate any contributions made by local churches or district assemblies outside the Southern Educational District.

Growth of Membership

The above chart exhibits the growth of church membership in the Church of the Nazarene from 1907 to 1924 by the dotted line, until in 1924 it reaches 55,142. The solid line shows the Sunday school growth during the same period, reaching 91,996 in 1924. Shall we put it over the 100,000 mark in 1925? The broken line exhibits the growth of the N. Y. P. S. until it reaches 15,189 in 1924. When will the N. Y. P. S. put it over the 20,000 mark?

The Ideal General Budget Dollar - 1924

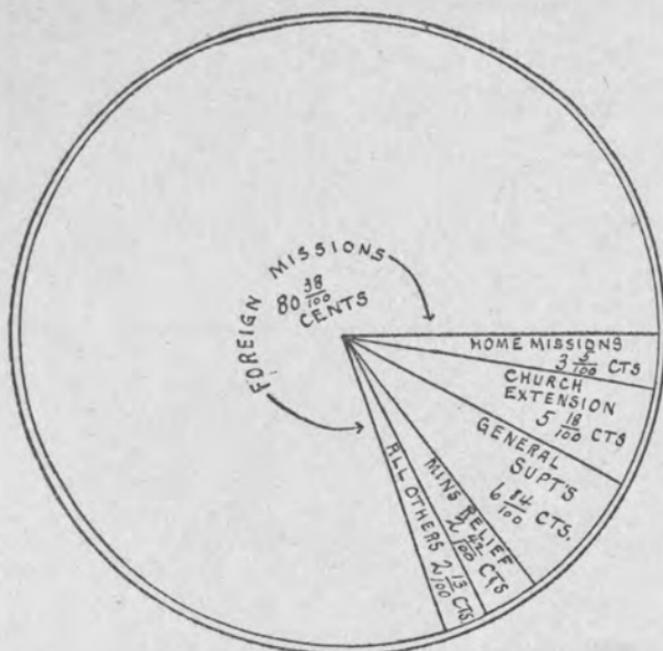

After the most careful study of general denominational needs for 1924, the General Board of the Church of the Nazarene agreed that the *least* amount necessary to continue the departmental objectives was \$260,000. This amount became the *ideal* goal as a *minimum* for the whole church. It was decided to distribute that amount on a pro rata basis and had that sum been realized for the General Budget without any designations it would have been *ideal*. Each dollar contributed would have been distributed as follows and would have represented "The Ideal General Budget Dollar":

Foreign Missions	66	50-100 cents
Home Missions	7	70-100 cents
Church Extension	9	80-100 cents
General Superintendents	5	cents
Ministerial Relief	3	cents
All other causes	8	cents

"All Other Causes" would have represented:

Contingent	1	55-100 cents
Sunday school	1	35-100 cents
Administration	2	64-100 cents
Free Literature		96-100 cents
Christian Education		50-100 cents
General Assembly Expense	1	cent
Total	8	cents

The Real General Budget Dollar - 1924

When the fiscal year came to a close "The Real General Budget Dollar" had taken the place of "The Ideal General Budget Dollar."

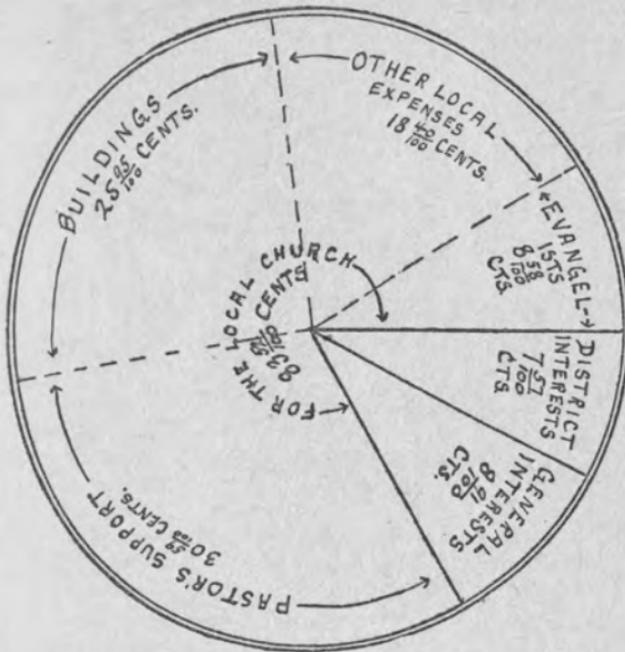

That is, each dollar of the actual receipts into the General Budget, when all distributions were completed, became "The Real General Budget Dollar," with the following distribution:

Foreign Missions	80	38-100 cents
Home Missions	3	5-100 cents
Church Extension	5	18-100 cents
General Superintendents	6	84-100 cents
Ministerial Relief	2	42-100 cents
All Other Causes	2	13-100 cents

A COMPARISON

	<i>Ideal</i>	<i>Real</i>
Foreign Missions	66 50-100 cents	80 38-100 cents
Home Missions	7 70-100 cents	3 5-100 cents
Church Extension	9 80-100 cents	5 18-100 cents
General Superintendents	5 cents	6 84-100 cents
Ministerial Relief	3 cents	2 42-100 cents
All Other Causes	8 cents	2 13-100 cents

The "All Purposes" Dollar In 1924

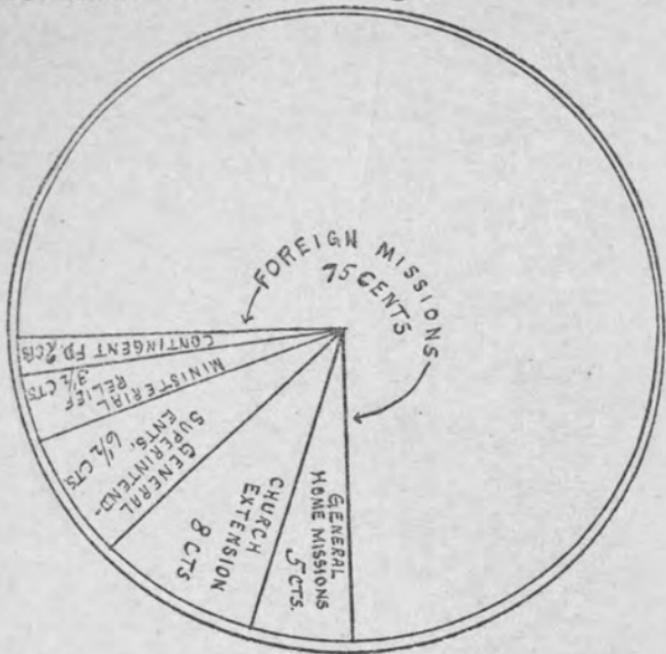

We present in the above diagram an exhibition of the approximate division of every dollar given during 1924 for "All Purposes." The entire church raised a total of \$2,697,533. Each dollar of this amount represents the following division:

- For the local church ..83 52-100 cents
- For district interests ... 7 57-100 cents
- For general interests ... 8 91-100 cents
- The amount expended for the local church is further distributed as follows:

- For pastor's support ...30 59-100 cents
- Buildings25 95-100 cents
- Other local expenses ...18 40-100 cents
- For evangelists 8 58-100 cents

The question naturally arises: "Is this a proper distribution of the 'All Purposes' dollar?"

The Ideal General Budget Dollar - 1925

The General Board voted \$280,000 as the total amount of the General Budget for 1925. If no monies are sent to the General Treasurer designated for any particular cause but simply "For the General Budget" each dollar so received would be distributed to each cause as follows:

Foreign Missions	75	cents
Home Missions	5	cents
Church Extension	8	cents
General Superintendents	6 50-100	cents
Ministerial Relief	3 50-100	cents
All Other Causes	2	cents

In that case "All Other Causes" includes one cent for General Contingent and one cent for General Assembly Expense.

Facts and Fancies for N. Y. P. S.

(See *Statistical Report*)

Look here! Two hundred seventy-seven local N. Y. P. S. organizations reported in 1924 that they had 5,974 active members, 1,218 associate members and 636 honorary members, making a total membership of 6,472.

They held 9,858 regular services, 797 evangelistic services and 1,950 other services, making a total of 12,296 services.

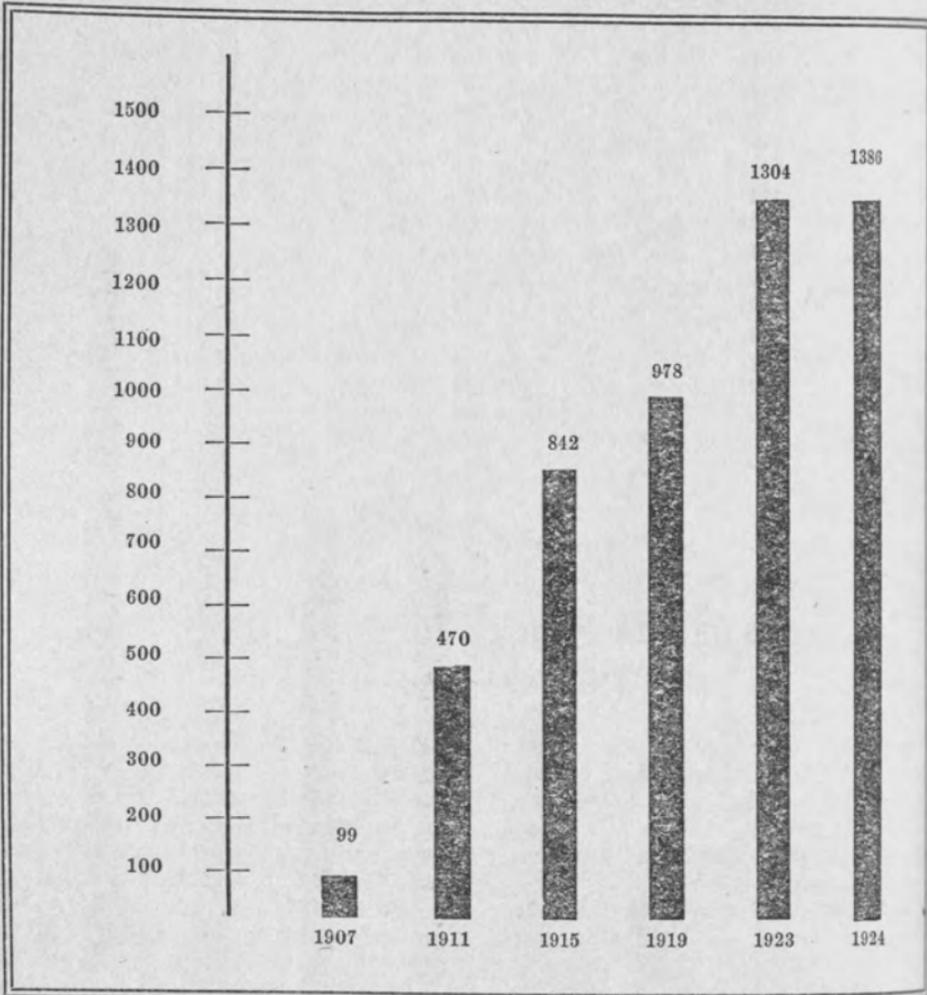

They paid for local N. Y. P. S. expenses \$5,452; for District N. Y. P. S. work \$538; for General N. Y. P. S. work \$128; for Foreign Missions \$3,504; for All Other Benevolences \$3,034, a grand total of \$12,656.

If all our local N. Y. P. S. organizations had reported to their respective district assemblies how many more than 277 would there have been? If all the mem-

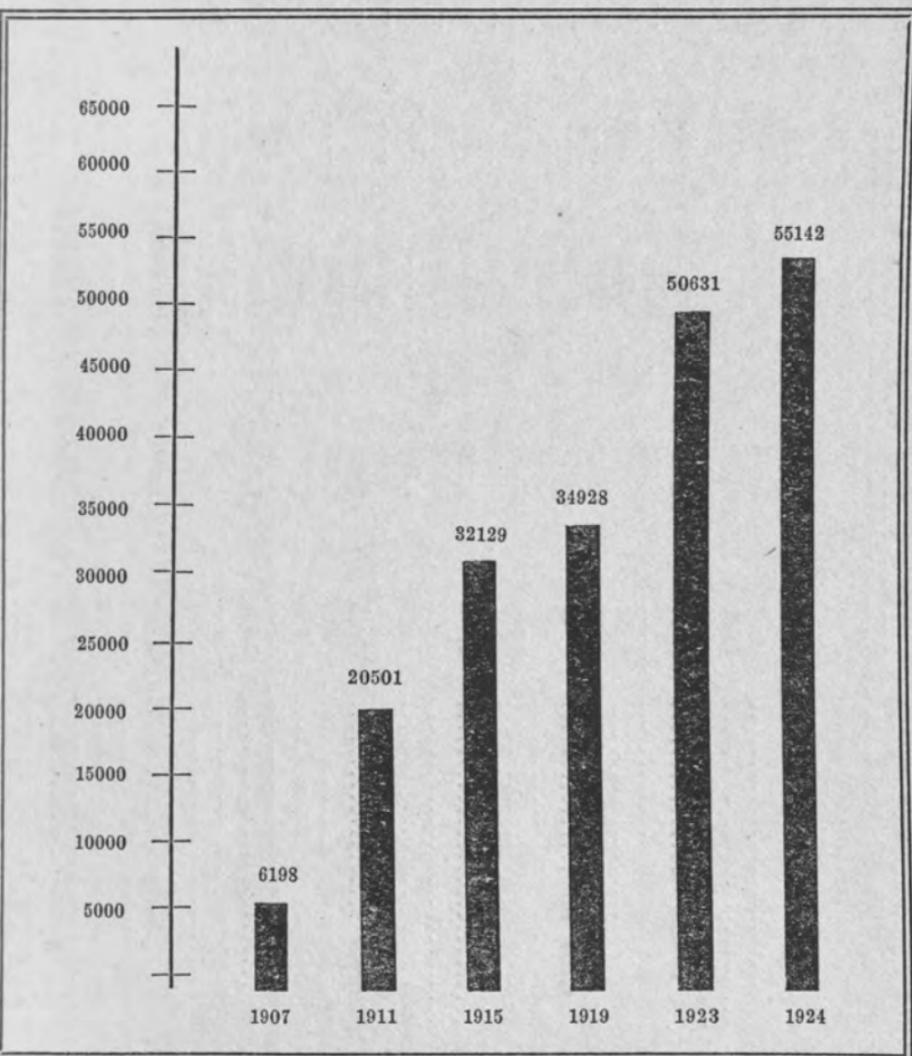

bership of all the Societies had been reported how strong would the N. Y. P. S. army have been? If all had been diligent to keep a record of their meetings how many services would the whole number of N. Y. P. S. organizations held? If all had reported the amount of money they had raised for the several different purposes how much more would we be able to show?

Where were the other reports? Will we have a report from every N. Y. P. S. local organization throughout the entire Church of the Nazarene in 1925? How inspiring it would be to know that every Society reported its work! How inspiring to know what all the Societies working as a mighty army of salvation have accomplished throughout the church!

How We Spend

The above chart illustrates the manner and proportion in which Americans spend their incomes according to figures from the American Educational Digest. Does this indicate that they qualify for the "Uncontainable Blessing" of Malachi 3: 10? Three-fourths of one cent out of every dollar for the Lord of All the Earth!

Where are we headed?

 NAZARENE PUBLISHING HOUSE

Kansas City, Missouri

ANNUAL REPORT

January 1—December 31, 1924

General Board of
 The Church of the Nazarene,
 Kansas City, Missouri.
 Brethren:

The Annual Report of the Nazarene Publishing House of Kansas City, Missouri which is submitted herewith correctly reflects the true condition and is in agreement with the books as of December 31, 1924.

In addition to the Balance Sheet, there is included a condensed statement of operations for a period of twelve months ending December 31, 1924, together with several explanatory schedules.

These are substantiated by the auditor's report, duplicate of which, including his certificate is also presented.

Respectfully submitted,

M. LUNN,
 (Manager).

Kansas City, Missouri.
 February 12, 1925.

Pastors in Charge of Churches

Note—The sub-joined list of pastors was corrected in nearly every district to February 1, 1925. In a few cases the Editor did not receive returns from District Superintendents, hence, some errors may occur. Every effort possible has been put forth to publish an accurate list. Frequent changes of address make it difficult to keep this list up to date. The names are grouped alphabetically under each district and easy for reference. We solicit the co-operation of district officers in making these lists of value to the Church and the public. To ascertain if pastors are ordained or licensed refer to the directory of elders and licensed ministers.

It will be noted that in many instances the name of the church differs from that of the address of the pastor. The name of the church is enclosed in parentheses, as follows: "Barnes, J. J. (Piney Grove, Taylor Springs) Beaverton, Alabama." This shows that J. J. Barnes is pastor of the churches of Piney Grove and Taylor Springs and his post office address is Beaverton, Alabama.—EDITOR.

"What Do You Know About the Bible?"

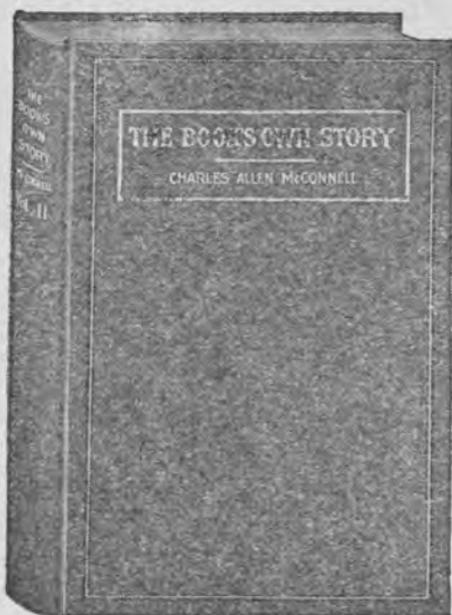

Not its doctrines; nor its texts, but the marvelous stories it tells about Jehovah's dealings with individuals and with his ancient people.

What do you know about the real story of that wondrous Person whom people called Jesus of Nazareth? What about his sayings, his doings, his friends and followers?

All of this is told in two volumes compiled by Prof. C. A. McConnell of Bethany, Okla.

IN VOLUME I

The author has selected four hundred of the thrilling narratives of the Old Book, beginning with the Story of Creation and keeping to the strong, beautiful expression of the Authorized Version, has presented a volume which is as absorbing in its interest as a thrilling work of fiction.

IN VOLUME II

The complete story of Jesus is told from the four gospels; his history, his daily life of blessing and teaching - holding to the words of the Book without repetitions. As one connected story the tale is told from "In the beginning was the Word" to the last inspired record of Paul's Journey to Rome.

THE BOOK'S OWN STORY (2 Volumes)

The volumes are large ($5\frac{3}{4} \times 8\frac{3}{4}$ inches) well bound in cloth boards with gold titles; printed on fine quality paper; each book approximating 225 pages.

The Price is \$1.50 per volume, prepaid

We want agents in every community to handle these books. Liberal commission. Write for particulars.

Rev. Earle Wilde's Enthusiastic Commendation.

"As an evangelist I have used many song books and do not hesitate to say that this is the best of them all. It contains songs suitable for every department of the church work. We use it in our great Sunday School rallies, Young People's meetings and the evening evangelistic services. I doubt if there is another book published today that is more suitable for our work. It contains the cream of the late song writers together with the best of the old standard hymns so dear to the heart of every Christian."—Earle F. Wilde.

REVIVAL MELODIES

is not merely a collection of songs. It is a culled selection chosen with the thought of compiling a book especially for evangelistic services. You will find an unusual assortment of invitation and altar songs.

The Smallest Bible

To the best of our knowledge there is no Bible published, with clear, easy-to-read type and references, as small as this Number A 2094.

It is only $\frac{5}{8}$ of an inch thick; page size $5 \frac{7}{8} \times 3 \frac{3}{4}$ in., and weighs only 8 ounces.

The size is not the only special feature. Just think of a Bible printed on high-grade India paper, silk-sewed, bound in genuine Morocco leather, leather lined, selling for \$4.15, postpaid. This is almost like "old times" before prices began to soar.

We would like for every minister and layman who needs a pocket Bible to send for one of these with the understanding that it may be returned at our expense if not satisfactory. But we are confident that not one will be returned. The value is too apparent and the combination of size and type is something so unusual that you will be delighted.

The following is part of a page of the Bible showing exact width also exact size of type.

trees that were in the bottom; and behind him were there red horses, speckled, and white.

9 Then said I, O my lord, what are these? And the angel that talked with me said unto me,

I will shew thee what these be. 10 And the man that stood among the myrtle trees answered and said, These are they whom the LORD hath sent to walk to and fro through the earth.

11 And they answered the angel of the LORD that stood among the myrtle trees, and said, We have walked to and fro through the earth, and behold, all the earth sitteth still, and is at rest.

WONDERFUL VALUE

A Teacher's Bible for \$2.50

A BIBLE with complete helps is a convenient if not an essential tool for a Sunday school teacher or Bible student. Feeling sure that our folks would appreciate the remarkable value in this particular Bible we have imported 50 copies from England. It certainly is a bargain. We could get \$3.50 for it without the least difficulty but are offering it at \$2.50 which gives us our regular percentage of profit.

Just Take a minute or two to read this description.

This \$2.50 Bible is bound in real leather with overlapping edges; the leaves are finished in gold; it is anything but cheap in appearance or make-up. It is not a large Bible; page size is only $4\frac{1}{2} \times 6\frac{5}{8}$ inches; $1\frac{1}{4}$ inches thick. The Bible Student's Helps are: full marginal references; a complete concordance; 16 colored maps with index; a condensed cyclopedia of interesting and valuable information about the Bible; and 96 full-page illustrations of Bible lands, Bible antiquities, etc.

Annuity Bonds

of the

DEPARTMENT OF FOREIGN MISSIONS
CHURCH OF THE NAZARENE

Work Well Both Ways

They assure you a fixed and certain income while you live, and provide for the carrying on of this important work of Foreign Missions after you are gone.

Five Other Reasons

why you should secure your old age by purchasing these annuity bonds are the following:

FIRST

It is an absolutely safe investment. Financially and morally the institution is sound.

SECOND

It is the simplest method of making a gift. No medical examination, no fees, no legal "red tape."

THIRD

The interest rate is larger than in the case of most investments.

FOURTH

Such an investment requires no supervision on your part. It eliminates all worry, all risk of loss, and all doubt about future support.

FIFTH

There will not be a single day's delay in making remittances to you.

You will get your income regularly and promptly.
